Case No: 18-F-0097  
Civil Action 18-cv-241

July 27, 2018

Ms. Mary Alice Carter  
Executive Director  
Equity Forward  
85 Broad Street  
New York, NY 10004

Dear Ms. Carter:

This is the first interim response of the Administration for Children and Families to your December 12, 2017, Freedom of Information Act (FOIA) request for correspondence from certain named Administration for Children and Families (ACF) employees which included certain specified terms, for the months of March, May, September and October 2017. Specifically, you sought the following items:

1. Correspondence to, from or carbon copied to<sup>1</sup>:  
Scott Lloyd  
Jonathan White  
Curi Kim  
Judith Haron  
Anna Marie Bena  
Scott Logan  
Tricia Swartz (Associate Deputy, ORR)  
Jallyn Sualog (Director of Children Services)  
James De La Cruz (Houston Field Supervisor)
2. The request asked that the search use the following search terms
  - "pregnancy"
  - "pregnant"
  - "ORR director"
  - "abortion"
  - "ru-486"
  - "CPC"

---

<sup>1</sup> The request also sought emails to, from and carbon copying Maggie Wynne and Dr. David Teuscher. However, ACF advised Equity Forward that these individuals work for at the department level and the Office of the Secretary Division of FOI/Privacy has jurisdiction over those records.

- “ultrasound”
- “rape”
- “nonconsensual”
- “Gestational”
- “judicial bypass”
- “life affirming”
- “unborn child”
- “spiritual counseling”
- “options counseling”
- “WTF”
- “Terminating”
- “terminate”
- “termination”
- “Pregnancy notification”
- “Pregnancy motivations”
- “Scott is”
- “Scott said”
- “from Scott”

Your request was sent to the Office of Refugee Resettlement (ORR) and the Office of the Chief Information Officer for a search for responsive records. The Office of the Chief Information Officer performed the search and provided 159,000 pages of responsive records.

Following extensive negotiations between the parties, it was agreed that ACF would begin its production by disclosing emails without attachments, after which Equity Forward would choose the attachments it wished to receive. Equity Forward stated that the first records it would like to see are emails sent by Scott Lloyd, Jim De La Cruz and Curi Kim.

Accordingly, please find enclosed 674 pages of responsive records. Approximately 259 additional pages were forwarded to the Office of the Secretary, Department of Health and Human Services (HHS) for consultation on those pages that originated within its offices. Also, approximately 5 pages were sent to the Office of the Inspector General, HHS for consultation on those pages that originated within its offices, approximately 31 pages were sent to the Department of Justice and approximately 40 pages were sent to the Department of Homeland Security and 5 pages were sent to the Department of State for consultation on those pages that originated within those departments.

Some of the information on the disclosed pages has been withheld under the FOIA exemptions (b)(5) and (b)(6). The exemption (b)(5) protects inter-agency or intra-agency memorandums or letters which would not be available by law to a party other than an agency in litigation with the agency. The exemption protects agency deliberations, both internal and with agency contractors and consultants, attorney-client privileged records and attorney work product. In this case, the withheld information includes predecisional discussions within the agency and between agency staff and contractors about management of the program and individual children, sensitive communications between agency staff seeking legal advice and counsel on policy and other matters and documentation of attorney thoughts and work in anticipation of litigation.

The FOIA exemption (b)(6) permits the withholding of records which, if released, would constitute a clearly unwarranted invasion of personal privacy. In this case, the withheld information consists of the names, identity

and/or other private information of private individuals and the work cell phones of federal employees. Public disclosure of this information would constitute an invasion of privacy of those individuals whose identifying information was disclosed. In withholding the information, the individual's privacy interest was balanced against any public interest in disclosure. In each instance where information was withheld, it was determined that the individual's privacy interests outweighed any public interest in disclosure of the withheld information. Disclosure of the withheld information would invade the privacy of the subject individuals but would reveal nothing about the operations or activities of the government.

Sincerely yours,

Kimberly N. Epstein  
FOIA Officer  
Administration for Children and Families

Mr. Lloyd,

A 17 yo UAC, admitted on May 2, 2017 to the (b)(6) shelter in TX , was reported during the initial medical examination to be (b)(6) months pregnant and receiving prenatal care while in home country. Child reported pregnancy was a result of consensual sexual relations. The UAC pregnancy screening during the initial medical exam was positive. DHUC team was informed via Intakes notification.

The UAC made no statement or allegation of sexual abuse or assault. There is no medical concern related to this pregnancy identified at this time.

Child will age out of the program on May 9, 2017; the medical personnel referred the UAC to OB/GYN services to resume prenatal care.

The portal does not indicate any request related to information regarding pregnancy termination.

I would anticipate that we would direct the provider to:

Scott,

This is a FYSA/heads up only. I am advised that a UAC involved in the Rockville case has been referred by DHS back to ORR. This UAC no longer has a (b)(6);(b)(7)(C)  
 (b)(6);(b)(7)(C)

He has been designated to go to Shenandoah. He can be evaluated there for stepdown to Staff-Secure if warranted.

I will gather more information and keep you informed as required.

I just want to confirm that you have all the information that you might need on these notifications.

This past notification, I collated the notifications into a weekly "report" instead of sending single notifications throughout the week.

Of course, due to Murphy's Law, the reporting server needed to produce these answers is also down right now. The project is forecast to take about 2-3 days, but I have tasked people to do it so we should have that for you this week, unless the IT downtime for the reporting server is longer than forecast.

Hope this will meet your needs.

Mr. Lloyd,

Below is the requested information regarding pregnancy notifications. The date range is from May 20-26, 2017.

16 yo UAC, admitted on May 22, 2017 to (b)(6) was screen positive for pregnancy during the initial medical exam. Child report pregnancy was a result of (b)(6) UAC reported that she was approximately 24 weeks pregnant. DHUC was informed via standard reporting procedures. The child is being referred to OB/GYN services and was started on prenatal vitamins. The UAC made no statement or allegation of sexual abuse or assault. There is no medical concern related to this pregnancy identified at this time. The portal does not indicate any request related to information regarding pregnancy termination.

UPDATE on Prior Pregnancy Notifications:

16 yo UAC, admitted on May 16, 2017 to (b)(6) reported to be (b)(6) pregnant. Child reported the pregnancy was a result of (b)(6) (b)(6) DHUC was informed via Intake notification on May 16, 2017. DHUC is following up with the program to determine the current clinical plan for the UAC. The portal does not indicate any request related to information regarding pregnancy termination. UPDATE: UAC evaluated by OB Services and determined via US to be (b)(6) weeks pregnant. The child is continuing routine prenatal care. There is no medical concern related to this pregnancy identified at this time.

# Immigrant teen's advocates: US pushing anti-abortion agenda

By Nomaan Merchant | Associated Press

HOUSTON — Shortly after taking over the U.S. government office that oversees facilities for unaccompanied immigrant children, Scott Lloyd told a subordinate what to do with a teenager who wanted an abortion.

Facilities under HHS “should not be supporting abortion services pre or post-release,” but rather “life-affirming options counseling,” Lloyd wrote in an email. And the person seeking an abortion “should not be meeting with an attorney regarding her termination” or seeking a waiver exempting her from a state requirement that minors get a parent’s consent, he wrote in another.

The apparent new policy is being put to the test, as lawyers have gone to court to try to force the government to allow a 17-year-old Central American being held at a Texas facility to get an abortion. They accuse the Trump administration of trying to stop any immigrant teens in government custody from terminating a pregnancy.

“She’s being used as a pawn,” Rochelle Garza, a lawyer appointed to represent the interests of the teen, told The Associated Press on Thursday. She declined to give her client’s name and native country due to privacy concerns.

The teen is as much as 14 weeks pregnant in a state that bans most abortions after the 20th week and she’s feeling hopeless, Garza said. On Wednesday, a federal judge in San Francisco said the government can’t prevent the teen from getting an abortion, but she said the case was filed in the wrong jurisdiction and declined to order the government not to interfere with the teen’s abortion access. Garza and the other lawyers, including some from the American Civil Liberties Union, filed a new complaint Friday in federal district court in Washington, D.C.

The ACLU included Lloyd’s emails in a filing in the case against the U.S. Department of Health and Human Services, which oversees facilities for children who arrive in the U.S. on their own.

HHS didn't respond to questions about whether it has a formal policy restricting immigrants in its care from seeking abortions. But last month, it issued a draft of its department-wide strategic plan for 2018 to 2022 that defines its mission as "serving and protecting Americans at every stage of life, beginning at conception."

The agency also didn't reply to detailed questions about the emails, many of which had large portions blacked out. It has roughly 5,000 children currently in custody, though it did not say how many are pregnant. It did issue a statement Wednesday saying it is "providing excellent care to the adolescent girl and her unborn child, who remain under our care until the mother's release."

Lloyd became director of HHS' Office of Refugee Resettlement in March after working for the Knights of Columbus, a Catholic group that opposes abortion. In an email dated March 14, Lloyd followed up on a visit with a pregnant teenager living at a facility for unaccompanied children. He asked for the shelter to meet her requests for bananas and soup, and to give her a more comfortable mattress.

"Please have her clinician keep a close eye on her," Lloyd wrote. "As I've said, often these girls start to regret abortion, and if this comes up, we need to connect her with resources for psychological and/or religious counseling."

He also offered to connect the teen with "a few good families" who would "see her through her pregnancy."

In a March 24 email, Lloyd said a girl who was pregnant should be offered "spiritual counseling" or taken for an ultrasound to a crisis

pregnancy center. Such facilities seek to discourage women from having abortions.

“She should not be meeting with an attorney regarding her termination or otherwise pursuing judicial bypass at this point,” Lloyd said.

Susan Hays, legal director of Jane’s Due Process, which helps pregnant minors in Texas to get abortions, accused HHS of being “turned over to ideological extremists who want to use the power of the federal government to impose their religion on everyone else.”

Hays, whose group is working with the 17-year-old now seeking an abortion, said another teen earlier this year obtained the judicial bypass required by Texas law and began a medication abortion, which is administered by pills taken on two successive days.

The first pill was administered on a Friday, but before the second pill could be given Saturday, HHS ordered the facility holding the teen not to let her have it, Hays said. Starting but not completing the abortion could have put the teenager’s life at risk.

After Hays and others intervened and threatened to go to court, the teen was allowed to complete the abortion that Sunday, she said.

“That is a dystopian future for teenage girls who are forced to do that, and that’s what ORR is doing today,” Hays said.

Garza said she is wrongly being denied access to her client, even though she has been appointed a guardian under the law and obtained a judicial bypass order.

The teen will turn 18 before her pregnancy would reach full term, which could lead to her being transferred to an adult detention facility run by U.S. Immigration and Customs Enforcement. Garza said she fears the teen will be forced to have the child in adult detention or deported back to Central America, where she witnessed her parents beat a sister who was pregnant.

“It’s going to get to the point where there aren’t more options, and then what’s going to happen?” Garza said.

Jose,

This is just a quick note to find out whether there are any updates on (b)(6) placement, as there was an indication at the beginning of the week that we may be close. I am just checking, not looking to rush things.

In related news, I may have some suggestions as to (b)(5) (b)(5) and will get back to you on that.

I hope you had a good rest of the week.

Thank you,

Sir all requests have been sent to local FFS and providers. i don't foresee any issues with these requests, but I do have a question and a comment about these bullets.

- (b)(6) I got her pre-release plan with a list of resources to assist with pregnancy. I asked them to firm up plan a bit and will send for your review if you would like to see it. I have also attached the resources close to her house that will assist with her post release services and are close to her future address of, (b)(6) Dr. (b)(6), LA (b)(6). Again this is still tentative and any additional resources you have are welcome sir.

- If things get dicey with (b)(6) sponsor, I know a few good families with a heart for these situations who would take her in in a heartbeat and see her through her pregnancy and beyond. (b)(6) would accept this if things can't work out with (b)(6). I am unclear at this point

(b)(5)

- Potential foster care is identified by approved providers after referral for this level of care by program and approved by FFS. these houses are homes that have been awarded a grant to house UAC by ACF-ORR. they have to be licensed to accept our kiddos.

Thank you again for your trip, I learned from you and I hope you take your experience here in San Antonio and we have set the bar high. I always push my teams to be the best and our providers to provide best services in the nation, so what you saw is SOP on a daily basis.

Safe travels sir, and it was pleasure to have met you. I look forward to working for you at ORR! please feel free to reach out to me if you should have any questions concerning any UC in the Central Texas or Chicago AOR.

PS: I have included my immediate Supervisor Mr. James De La Cruz on email as he is that al knowing all seeing UAC Oracle... LOL. He can also assist with any questions when it comes to our kiddos and level of care to you in DC. He is an amazing man that has steered this ship overseeing more than 175,000 kiddos in the last five years...

Jose,

Just a few things, while they are fresh in my mind:

- 1) (b)(6) said she preferred the food at Seton—that it wasn't (b)(6) enough at (b)(6) (she mentioned bananas, which I thought (b)(6) has, and soup). If there is a way to accommodate at (b)(6) with any food requests, please find a way. She's feeling very nauseous because of the pregnancy.
- 2) (b)(6) mattress. This is one to keep in mind, if there is an extra mattress laying around, maybe plywood instead of the planks underneath as you were saying at the extended care facility, maybe foam or something on top of the mattress. Something to look into.
- 3) (b)(6)—please have her clinician keep a close eye on her. As I've said, often these girls start to regret abortion, and if this comes up, we need to connect her with resources for psychological and / or religious counseling. It's not going to affect some girls right away or at all. If there are any additional updates on her case, I'd like to know.
- 4) If things get dicey with (b)(6) sponsor, I know a few good families with a heart for these situations who would take her in in a heartbeat and see her through her pregnancy and beyond. (b)(6) said she would accept this if things can't work out with (b)(6) soon. I am unclear at this point how (b)(5)  
(b)(5)

That's all I can think of right now. Thanks again for everything, and for the hard work and dedication of you and your team.

Dear Scott,

Following-up on your emails with Helen, thank you for assisting me in applying for a position in the Department of Health and Human Services. This is a very exciting time and it would be a great honor to serve.

I feel personally drawn especially to service in HHS due to my concerns and current work against the targeting of seniors and people with disabilities by the expansion of physician assisted suicide, the dire needs among people in the poorest countries, and a life-long devotion to the cause of life. The Department plays an important role in all of these areas and many more.

While we became acquainted through my work with the National Organization for Marriage, prior to that position (b)(6)

(b)(6)

I have carefully reviewed the listing of available positions in HHS and have identified several that I believe fit my experience and qualifications. These positions include the following:

(b)(6)

(b)(6)

Let me again say that I am actively seeking an opportunity to service and to join you and the HHS team in these positions, or others in the Administration.

God bless all your work today,

I appreciate the update. Jose had asked for any additional pregnancy resources in the area, and I have had Crossroads Pregnancy Resource Center recommended to me, 105 St. Louis Street, Thibodaux, LA 70301: <http://www.crossroadsprc.org/index.html>

I understand Thibodaux is not too far from Houma, (b)(6) I also understand that they have referred her to several places in New Orleans, which is not far, but a little further.

Thank you,

Good Evening Mr. Lloyd,

I am writing to provide a brief update, as previously discussed, UAC has informed her Clinician and Case Manager that she wishes to make contact with her mother in home country. Several

(b)(6)

Case Manager attempted to reach UAC's mother and was successful. Case Manager introduced herself to minor's mother and then handed the call to the UAC, minor spoke to her mother for approximately 15 minutes and there were no identified issues or concerns during the call. (b)(6)

(b)(6)

(b)(6)

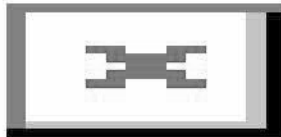

is scheduled to make contact with mother twice a week, her next call is scheduled for Sunday, October 15, 2017.

Please note, at this time there are no additional updates to report, should any issues or concerns arise I will be sure to keep you posted, thank you and have a wonderful weekend.

P.S. (b)(6) and myself will be attending a Texas Administrator's conference next week and will be away from the program from Monday 10/16-Wed 10/18, however, I will be available via cell phone (text) and will have limited access to review and respond to emails in a timely manner, therefore if there is a pressing matter please call me directly or text me and I will most definitely be available to respond to you. In addition, Lead Case Manager (b)(6) and Lead Clinician (b)(6) are fully aware of details of this case and will be of service as needed, therefore I will have them assist as necessary.

**Subject:** Re: State Court hearing

Please be advised that at approximately 8:35 am CT, the Cameron County Judge, attorneys from Garza and Garza, who are/were representing the UAC at the State level, the UAC, and Mr. Paxton Warner, AUSA from the DOJ met in the Judge's chambers in a closed proceeding. Mr. Lucio, attorney for the IES staff, was also in chambers, as an observer to the proceeding as he has clients who have been affected by the legal process of the matter. DHS ICE ERO Officer, (b)(6),(b)(7)(C), was present at the Courthouse, outside of the courtroom and chambers. I was asked to wait immediately outside of the Judge's chambers.

Scott,

Last night after midnight we received word that a UC at (b)(6) has requested abortion services. I don't have other details yet; should have those shortly but wanted to provide heads up. I am informed this is not the same UC as in earlier advisory.

Will get more information; standing by to receive guidance re next steps.

The UC is sheltered in (b)(6), one of the shelters operated by the large grantee (b)(6). No action has been taken yet. I am advised that on Friday (3 March) the UC had a hearing related to (b)(6) but I do not know what the outcome of that hearing was or if the hearing actually took place. The medical team understands that this is a case that we expect to come forward as a request for authorization and federal funding, I would anticipate early this week.

To prevent any unauthorized actions, on Friday the medical team provided the Medical Director at (b)(6) explicit direction not to proceed with any actions without written authorization by ORR, and Medical Director acknowledged direction. On Friday I also communicated this direction to the CEO of (b)(6) who also confirmed receipt of directions and transmitted them to all his operations and medical management. This was prior to the more official and general instruction to grantees that went out late Friday night from the Director of ORR.

I don't know much about the case yet but we will learn more as this one comes through the official submission and review.

Next is recommendations, probably the first half of tomorrow-- I have a number of ideas.

Steve,

Per your request, ORR has prepared the following concise directions on how to apply to sponsor a UAC, with hyperlinks to relevant ORR policies and online forms (e.g., *Family Reunification Packet*). Note that this is not a cleared document but the facts and information in it are very solid and we have confidence that it accurately describes the process in plain language.

Based on our conversation, I think this is everything you should need for this effort. If you do need anything else, I am available to you 24/7.

Jonathan,

I've discussed with Maggie, and made a change in red below. Once you've added that language, it is ready to go as far as Maggie and I are concerned.

Thank you,

All,

I spoke today verbally with (b)(6) the President and CEO of our grantee (b)(6).  
 Is it OK for me to follow up as below with instructions to him on what we need in the way of information ASAP? I ask because we received the report today that the Judicial Bypass for that minor (b)(6) has been issued—and we would want to see that, of course, as discussed today.  
 I would very much like to write him with next-steps instructions today.  
 Please advise.

Good Morning, Ms. (b)(6)

As I mentioned, I would follow up with appointments the minor will need to attend. Please be advised her appointment is tomorrow, **Thursday, September 28, 2017 at 8:00 A.M.** at (b)(6) **McAllen, Texas** (b)(6). She will need to be transported again to the same location at the same time on **Friday, September 29, 2017.**

Please confirm that she will be transported to both of these appointments.

Sincerely,

Yes—the quick answer is: because in Q1 of FY17 we had the largest quarter referrals in program history and the largest census in care in program history, and we were operating two temporary influx megashelters—which are several times as expensive per day as standard shelters. I can get a more granular answer if needed, but our high cost for FY17 was incurred in Q1, with much lower costs after that with numbers fallen.

Steve,

Per your phone request this morning, in the chart below please find the total Unaccompanied Alien Children (UAC) program referrals of UAC and budget obligations by fiscal year (2014-2017), for the use of Lance Leggitt in IOS.

Please advise any follow-up questions or anything else we can do to assist.

**Court filing: Trump appointee blocks pregnant teen migrant from getting abortion**

*Reveal, Center for Investigative Reporting*

*Oct. 10, 2017*

A Trump appointee has prevented a 17-year-old migrant at a federally funded shelter in Texas from getting an abortion and directed she be sent

instead to religious counseling, according to a motion filed in federal court last week.

Lawyers with the ACLU of Northern California will argue on her behalf at an emergency court hearing in San Francisco Wednesday. In court filings

over the last few days, they've argued that changes at the Office of Refugee Resettlement under President Donald Trump's administration are to blame and that the girl, referred to as Jane Doe, is not an isolated case.

According to emails filed with the court, new ORR Director Scott Lloyd has met with a minor in federal custody to discuss her pregnancy and directed

his staff to counsel girls about the risks of abortion – an early sign of how Lloyd's priorities will reflect his past work in pro-life advocacy.

In a declaration filed with the court, Doe

explained that she decided to get an abortion and made appointments at a clinic, but was never allowed to go. Instead, she said, officials sent her to a crisis pregnancy center where she was given a sonogram and “forced to look” at the image.

“Defendants have been talking to me about my pregnancy,” she said. “I feel like they are trying to coerce me to carry my pregnancy to term.”

Doe told

the court she is afraid to tell her family about her plans to get an abortion, and had hoped to keep her pregnancy secret. But she said ORR officials already told her mother she was pregnant.

According to the ACLU, Doe's case exemplifies a new order of business at ORR under the Trump administration.

On March 4, the office's acting director, Kenneth Tota, sent a memo to the private groups that operate shelters under contracts with ORR, telling

them they "are prohibited from taking any action that facilitates an abortion without direction and approval from the Director of ORR." Tota referred to rules the office previously issued in March 2008.

Tota's memo was apparently

prompted by news the day before that a minor at an ORR-contracted shelter had begun a medically induced abortion the day before. In his letter, Tota directed ORR officials to take that child to an emergency room and try to preserve her pregnancy, over the child's own wishes.

On March 10, according to a heavily redacted email filed with the court, ORR

required, "effective immediately," that shelter operators send word whenever any girl expresses an interest in ending her pregnancy.

On March 14, according to another email filed with the court, new ORR Director Scott Lloyd offered some advice to his staff after visiting a girl

in ORR custody. "Often these girls start to regret abortion," he wrote, "and if this comes up, we need to connect her with resources for psychological and/or religious counseling."

In another email, Lloyd told

shelters to only steer minors to "pregnancy services and life-affirming options counseling," not abortion providers. Lloyd reminded his staff to that "the unborn child is a child in our care," and to make medical decisions accordingly.

On April 1, Lloyd directed Jonathan

White, an ORR deputy director, to make sure that a minor in custody in Arizona get an ultrasound and counseling at Choices Pregnancy Centers, a Christian organization that, like Lloyd, suggests abortion regret is far more likely than research suggests.

Such crisis pregnancy centers are engineered to persuade women to carry their pregnancies to term, often

using myths, religious messages and bad science. Crisis pregnancy centers are well-represented on a list of ORR's approved counseling centers also filed with the court.

It's no coincidence that these directions were some of Lloyd's first actions after he was appointed to

the office by Trump in mid-March. Before joining the office, Lloyd was an attorney for the Knight of Columbus, a Catholic charity, and served on the board of the pro-life Front Royal Pregnancy Center. In 2011, writing for the Center for Morality in Public Life, Lloyd argued that "the defining event in an abortion, as we use the term in our common parlance and in medical settings, is the death of a human being who has not yet been born."

As a Health and Human Services official under President George W. Bush, Lloyd championed a rule protecting

health care providers that oppose abortion on religious grounds, according to This Week in Immigration. President Barack Obama undid that rule in the first year of his presidency.

But the Trump administration has ushered in new limits on health care in the religious liberty protections, including last

week's decision to stop requiring employers to cover contraception in their health insurance plans. (Lloyd, writing in 2009, once argued that federal support for contraception would be a boon to abortion providers.)

Ahead of Wednesday's hearing, seven attorney generals have

lined up behind the Trump administration, led by Texas' Ken Paxton, saying that "Texas must not become a sanctuary state for abortions." Their brief argues that siding with Doe would suggest that "unlawfully-present aliens with no substantial ties to this country have a constitutional right to abortion on demand."

Any minor seeking an abortion in Texas faces a number of roadblocks, even if they aren't living in a federal shelter. Without a parent's permission,

a minor in Texas must get a judge's permission to get an abortion, then make two separate appointments at a clinic at least 24 hours apart, the first of them for a mandatory sonogram. Doe had already navigated those steps, and made appointments in the last week of September before federal officials intervened.

Texas also bans abortions after 20 weeks, creating a tight deadline in the court case.

ACLU attorneys hope federal District Judge Laurel Beeler will order ORR to let Doe leave the shelter and end her pregnancy, and to extend that

protection to other pregnant unaccompanied minors in ORR custody. Many children who arrive unaccompanied are fleeing abuse at home, and also face a high risk of sexual assault during their journey north.

Under a settlement in another court case, known as the Flores agreement, the federal government has to provide unaccompanied minors with medical

care, including family planning.

Ivonne,

I am writing to advise that there has been an update in the above referenced case. It appears that after program completed a family session in a clinical setting with UC Sponsor and UC, that the UC has decided to have her child to term and forego the TOP as previously requested. Below please find the communication provided by the program.

If there is any additional information I will forward or any questions that I need to present to the program please let me know.

Program Email Communication to FFS:

"Topic [TOP] was discussed with Aunt/ potential sponsor who appeared supportive towards the pregnancy. Client overheard the conversation with aunt and in hearing aunts support and excitement client has verbalized that she wishes to keep the baby."

Thanks for your attention on this matter.

# Texas Should Not Become a Sanctuary State for Abortion

*SBA List praises pro-life Trump Administration and Texas AG for asserting that abortion is not health care*

**WASHINGTON, D.C.** – Today the national pro-life group **Susan B. Anthony List** praised the **U.S. Department of Health & Human Services (HHS)**, Texas **Attorney General Ken Paxton** and pro-life advocates in Texas for asserting that abortion is not health care in a case concerning a pregnant, 17-year old girl who is an undocumented immigrant from Central America. The ACLU has brought forth a lawsuit to try and force HHS to secure an abortion for the child. Yesterday the **AP** reported that a San Francisco judge has said that their legal challenge was not filed in the right court.

“This young girl deserves compassion and quality health care. Abortion is not health care and the ACLU is taking advantage of a young woman in a desperate situation,” said **SBA List President Marjorie Dannenfelser**. “This lawsuit is a nothing more than a ploy by the ACLU to turn the Lone Star State – one of the most pro-life states in the country – into a sanctuary state for abortion.”

“We thank the Trump Administration as well as Texas Attorney General Paxton for showing decisive leadership on this issue and for calling out the ACLU for seeking to interfere with Texas’ pro-life values.”

*Susan B. Anthony List and its partner super PAC, Women Speak Out spent more than \$18 million in the 2016 election cycle, knocking on more than 1.1 million doors in battleground states to defeat Hillary Clinton and maintain a pro-life Senate. SBA List is dedicated to pursuing policies and electing candidates who will reduce and ultimately end abortion. To that end, the SBA List emphasizes the education, promotion, mobilization, and election of pro-life women. The SBA List is a network of more than 465,000 pro-life Americans nationwide.*

Matt,

This is getting into an area that I don't know well.

Are both paragraphs from the same report (both look like they are from legal filings, not case management documents), or are you comparing something from December 2016 with a later document? If the latter, which is older and which is more recent?

**Subject:** RE: ACLU v Price court filing

Here's a follow up question: the old case management report, filed in December 2016, says the following. Is there anything in it that we need to correct for the record?

"As a matter of law, discussed *infra* Resp. No. 3, the parties disagree as to the precise legal requirements for providing access to abortion and contraception services to unaccompanied children in the custody of ORR-grantees. Plaintiff alleges, but Defendants do not agree, that Defendants permit certain religiously-affiliated ORR-grantees to transfer children out of their programs or refuse to accept children into their programs because those children sought abortions. The parties do agree that Defendants permit certain religiously-affiliated ORR-grantees to refrain from themselves providing access to or referring for certain services to unaccompanied children while those children remain in their physical custody."

"As noted above, *see supra* Resp. No. 2, the parties do not agree as to the precise legal requirements for providing abortion and contraception services to unaccompanied children in the custody of ORR grantees. Plaintiff contends that Defendants and each ORR-grantee are responsible for providing unaccompanied children with access to abortion and contraceptive services while the children remain in the grantee's physical custody, based on the *Flores v. Reno* consent decree and the interim final rule promulgated pursuant to the Prison Rape Elimination Act. Defendants assert that those authorities are more nuanced, for instance, by generally requiring licensed programs, which includes ORR-grantees, to "provide or arrange for" "appropriate . . . family planning services."

Hi, Ken,  
I looked at TX and FL since they have the most RMA clients.

Here is what TX traditional Medicaid covers in terms of family planning:

- Family planning annual exams.
- Family planning office visits.
- Tests and X-rays.
- Birth control.
- Drugs and supplies.
- Medical counseling and education.
- Sterilization and sterilization-related procedures.

Note that TX does not fund all or most medically necessary abortions exceeding federal requirements. Neither does FL.

Here is what Florida Medicaid reimburses with regards to reproductive services:

- One prenatal visit that includes a Healthy Start prenatal risk screening
- Up to ten visits, per recipient, for prenatal care

- Testing for sexually transmitted diseases in accordance with section 384.31, Florida Statutes and Rule 64D-3.042, Florida Administrative Code
- Tobacco use screening, smoking cessation counseling, and treatment
- Supplies, medications, and treatments
- One delivery every 280 days, per recipient
- Repair during or following pregnancy
- One recovery service per home birth
- One newborn assessment, per recipient
- Up to two postpartum visits within 90 days following delivery, per recipient
- Up to four additional prenatal visits, per recipient experiencing a high-risk pregnancy
- One neonatology consultation per specialty referral, per recipient
- Surgical excision during pregnancy
- Fetal invasive services
- Fetoscopic laser therapy for treatment of twin-to-twin transfusion syndrome performed by providers with a maternal-fetal medicine subspecialty
- Induction of labor
- Cesarean section
- Family planning visits
  - One new patient visit, per recipient
  - One established patient visit every 365 days, per recipient
- Counseling visits
- One supply visit per month, per recipient
- Human immunodeficiency virus counseling visits
  - Up to two preventive visits per lifetime, per recipient
  - Up to four visits per year, per recipient with acknowledged behavioral risks
- Laboratory tests

- Sexually transmitted disease treatment and follow-up
- Essure® (non-incisional surgical procedure)
- Tubal ligation
- Vasectomy

Let me know if you need any further information.

Thanks,  
Curi

Hi Tim,

Huy told me that you and he talked today about possible topics for NCB's FY18 MIWs and he suggested that I send you the list of topics we've come up with. The list with brief descriptions is attached. Please let me know if you have any thoughts about them. You had mentioned epigenetics as a possible topic to (b)(6) last winter and we think that sounds very interesting. If you have any ideas of a potential SME for that, it would be very welcome.

Best regards,

Thanks, See and Meredith. I edited the RMA/RMS monitoring part; take a look as I have a question (whether to include second bullet in RMA/RMS monitoring section) and another request (summary of monitoring findings) for Meredith/See in the comments.

I'm deleting comments as they are answered/addressed. The ones for Tim and PK still remain.

Thank you!

Made some comments.

Can add new option—we can do N/A as well as something like “annual HHS/ACF reports” or something to capture all the annual reports we contribute to like the CFDA one, I think there’s one on outputs??

See

Hi,

Sorry to add yet another thing onto everyone’s plate, but the FMFIA report is due next week! Most of you remember this from last year. Attached is FY16’s DRH report, if you are interested.

I made some updates and uploaded the draft FY17 FMIFA report to the DRH Admin SharePoint site (direct link:

[http://\(b\)\(5\)RT\\_Federal%20Managers%20Financial%20Integrity%20Report\\_9.19.17.docx](http://(b)(5)RT_Federal%20Managers%20Financial%20Integrity%20Report_9.19.17.docx)).

I have requests for each of you (in the comments embedded in the document) to update certain sections. Please take a look and update comments addressed to you (or anything else you’d like to edit). Can you please have edits in by 11am on Monday (9/18)?

See, a SharePoint request: For the Admin page, we need another option for Topic/type of document. I tagged this as Weekly Report for now as there are only 3 options... maybe another option of NA?

Thank you,  
Curi

Good morning Curi

Each year, the Acting Assistant Secretary provides assurance to the Secretary that ACF is in compliance with the requirements of the Federal Manager's Financial Integrity Act (FMFIA). Your certification that management controls in your program and administrative areas are adequately described and evaluated, is required for the Acting Assistant Secretary to provide this assurance.

I am attaching a copy of your Division's FY2016 submission as well as the Report's Introductory pages. Please make sure your Division is correctly listed on the introductory pages and that your update accurately reflects your division's activities in FY2017. In order for Budget to meet the FY17 FMFIA Report deadline we ask that you submit your update to me no later than Tuesday, September 19.

Thank you in advance for your input and please do not hesitate to let me know if you have any questions..

Hi Tim -

Did (b)(6) mention to you that she had applied for the part time GDIT health monitoring position? We may have talked about this before, but I can't recall. Is GDIT still looking to fill that position? I just wanted to bring this up, because I think she'd be phenomenal for the job.

FYI

(It was also mentioned that if feds partake of a baby shower during non-lunch work hours, leave time is supposed to be used... although, I would think people can just substitute lunch time or other break time...)

All,

Here is a copy of the PPT that Darnese mentioned in today's leadership meeting.

I will work to get the other ones she was talking about to share with you all.

Thanks!

**ACF/ORR Update (#8) on Refugee Program Response to Tropical Storm Harvey**

*All information current as of 3:45 CST/4:45 EST*

SENSITIVE BUT UNCLASSIFIED/FOR OFFICIAL USE ONLY

*\* ORR Updates for refugee programs are provided by DRA and DRS.*

**Current Status—ORR Staff**

-

- No federal or contract ORR refugee program staff are located in the greater Houston area. They are located in both Dallas and Austin.

-

**Current Status—Refugee Populations**

- MRD is reporting that Houston area LRD's have indicated that any clients who relocated due to the storm are now back in their original housing.
- Texas RRD Lead YMCA of Greater Houston reports the following:
  - Refugee agencies in Houston continue to contact clients and conduct home visits to complete need assessments.

- Agencies have assisted refugee clients in registering for FEMA assistance and refer them to other resources in the community.
- Assisting in translating required disaster recovery documents and rights & responsibilities forms as needed for disaster recovery assistance.
- Have been referring refugee clients to AMCS Wellness Center who are in need of trauma counseling and mental health care.
- Agencies have been communicating with Employers to assist clients in regaining their jobs.
- Have met with landlords to address housing and mold issues. When needed, agencies have relocated clients to apartment complexes with no environmental hazards.
- Texas RRD Lead is reporting some refugees have been evacuated from their apartment complexes. Agencies have connected those clients to shelters, donations, FEMA assistance, and Texas Workforce Commission assistance unemployment benefits. Curfews have been lifted in some areas though flooding is still occurring in some locations due to dams and levees continuing to release water.
- URD is reporting that URM in foster care and those in SIL all are safe in their residence.

#### **Current Status—Refugee Provider Agencies and Staff**

- All agencies are open and fully operational
- Staff are continuing to call clients conduct home and apartment complex visits
- Staff are transporting clients to medical appointments and/or FEMA locations to complete documentation for FEMA or Texas Workforce Commission
- Texas RRD Lead is reporting that all refugee provider agencies are open and fully operational. Staff are calling, visiting and transporting clients as needed.
- URD reports that as of 9/1/2017, the A/C in the foster home on Rio Bend property was fixed and the youth and foster parents moved back in their home. As of 9/5/2017, all staff have reported back to work in the St. Jerome program.

#### **Refugee Provider Agency Response Priorities**

- Agencies have contacted all active clients in US RP &MG programs to confirm their safety.
- Most agencies have also assessed all clients served within FY17. Many agencies are trying to work on assessing clients beyond FY17, some have had various degrees of success with this.
- Refugees have been evacuated from some apartment complexes, a few have returned, somewhere moved prior to the flooding, others have been relocated, a few are still with family members.
- Agencies are working hard to provide support to all clients whom may be eligible for assistance and support through churches, foundations, donations, FEMA assistance, and Texas Workforce Commission assistance unemployment benefits.
- Texas RDD lead hosted a call Tuesday to understand current scope of challenges and to discuss coordination and strategy planning.

Agencies have provided some preliminary numbers below.

	Estimates	Notes
<b>Total Clients Contacted:</b>		
12 months or less	1174	
Over 12 months	931	
<b>Total Clients Affected:</b>		
Loss of housing	112	Some of this is temporary and some is permanent – working to know which ones will be permanent
Loss of wages	434	Largest issue (as this causes problems with paying rent, landlords aren't being helpful or lenient) – we believe this will be larger
Loss of transportation	126	Second largest widespread issue (without proper transportation, hard to get to work, no income)
<b>Total Clients Precarious Situation</b>		
In Shelter	46	This may have already changed since data was collected as staff are working to move them and return them to apartment or homes if feasible

Evacuated	145	This may have already changed since data was collected as many are working to move them and return them to apartment or homes if feasible
Staying with Friends/Relatives	26	This may have already changed since data was collected as many are working to move them and return them to apartment or homes if feasible

### **Future Planning for Risks**

- Texas RRD will be working with all area partners to try and coordinate their efforts, to maximize their time, and to share information on resources and support. RRD created a good drive for resources, cross collaboration on knowledge sharing about financial support resources, apartment complexes.
- *Interpretation Challenges*: RRD has contacted state agencies and are notifying them of our ability and support to get materials translated or to be support in helping people and agencies with translation for access to state and federal relief programs or applications.
- *Displaced Housing*: Advocacy planning for tenant rights and landlord responsibilities. This includes apartment complexes releasing people from rental agreements who are being relocated as well as adequate remediation of water and mold damage. Efforts to identify hotels, apartments, places for individuals and families to go and stay for the longer term is beginning.
- *Emergency Cash Assistance*: All agencies believe that the greatest impact will result from a week of lost wages. Active and past clients' needs may include emergency rent, lost wages, transportation, and new apartment deposits.
- *Sharing of Available Information*: RRD is actively supporting partners' response work by sharing vetted resources and information about benefits and services available.

### **Current ORR Refugee Response Actions**

- ORR Regional Representative is in contact with Texas RRD for the Houston area on a daily basis to maintain situational awareness and provide guidance.
- ORR Regional Representative is in contact with the HHS/ACF Region VI Emergency Management Analyst and shares information provided by the analyst to the Houston agencies.

Yes, teleconference. It looks like we have a group of docs coming, so we would have you give a brief talk about preventive med careers (like, 3-5 minutes), and then there is Q&A for all the docs. MSU med students, mostly first and second years.

I'm copying Deana to send you a formal invitation. Thank you!

Curi,

Would you be interested in talking with students about preventive medicine on the evening of October 25 (Wednesday)? This would be with a group of other specialists.

If that's a bad evening, or you want the students all to yourself, I'm sure we could come up with another night.

Thanks for considering. I think they don't hear enough about this career path!

Hi Curi, I hope you are having a good week!

The last time we spoke, I asked if you would be so kind as to take a look at the screening components as I am going to briefly list them in my contracts with health departments. Attached here.

Some of my health departments cannot provide the physicals and lab testing – only CD portion, so that is why I have it broken down as I do. I'd greatly appreciate your thoughts generally and whether or not anything conflicts with where you are going with things.

Thank you so much for considering and for any comments or suggestions you have. Best, Jen

**Subject:** TS HARVEY: Texas Refugee Program Update for 9/19/17

**ACF/ORR Update (#11) on Refugee Program Response to Tropical Storm Harvey**

*All information current as of 3:45 CST/4:45 EST*

SENSITIVE BUT UNCLASSIFIED/FOR OFFICIAL USE ONLY

*\* ORR Updates for refugee programs are provided by DRA and DRS.*

### **Current Status—ORR Staff**

- - • \* No federal or contract ORR refugee program staff are located in the greater Houston area. They are located in both Dallas and Austin.

### **Current Status—Refugee Populations**

- USCRI reported that YMCA International has been back and in full operation since August 30th. Large majority of recently arrived refugee clients live in the area of Houston where Harvey had lesser of an impact with the exception of two complexes in the west part of Houston. Refugees were evacuated from these properties and have since returned to the apartments. Most common impacts have been flooded vehicles and lost wages. Staff have gotten reports from some former clients, who are either renting or own homes, that their homes were flooded. Most of these are clients who have been in the country for 4 to 5 years or longer. None of the landlords that house significant refugee population had any flooded units and housing is readily available. For those affected, YMCA will be providing assistance accessing existing resources in addition to agency relief assistance program. YMCA will be able to assist approximately 250 families with up to \$1,000 in recovery assistance. This will include refugees and other vulnerable groups.
- Catholic Charities of Houston provided the attached update on their refugee clients to DRS.
- Texas RRD lead is compiling update Harvey impact information but will be unable to provide this to ORR until Friday, September 14<sup>th</sup>.
- Texas MRD is reporting that all 8 refugee clients that were over their 90 day period for screenings (due to Harvey) have now been seen at the clinic. Also, more new arrivals are being screened without issue.
- DRS provided the attached refugee client report.
- Texas RRD lead is reporting one of the local foundations (Houston in Motion) is working with a variety of requests from refugees directly for individual support and assistance. The foundation is cross referencing these clients with each resettlement agencies to verify needs and status etc. These refugees are asking for similar needs we have previously articulated such as: loss of wages for a week; loss of transportation; loss of housing due to loss of wages and inability to pay rent. Of the total 158 refugees whom self-identified and filled out an on-line form requesting assistance (158), 16% were here less than a year, 38% are between 1-3 years, and 45% are over 3 years. We also are aware that resettlement agencies are assisting clients in asking for support and financial assistance from this organization. This information appears to be fairly represents of what we were hearing of local resettlement agencies.
- MRD is reporting that Houston area LRD's have indicated that any clients who relocated due to the storm are now back in their original housing.
- Texas RRD Lead YMCA of Greater Houston reports the following:
  - Refugee agencies in Houston continue to contact clients and conduct home visits to complete need assessments.

- Agencies have assisted refugee clients in registering for FEMA assistance and refer them to other resources in the community.
- Assisting in translating required disaster recovery documents and rights & responsibilities forms as needed for disaster recovery assistance.
- Have been referring refugee clients to AMCS Wellness Center who are in need of trauma counseling and mental health care.
- Agencies have been communicating with Employers to assist clients in regaining their jobs.
- Have met with landlords to address housing and mold issues. When needed, agencies have relocated clients to apartment complexes with no environmental hazards.
- Texas RRD Lead is reporting some refugees have been evacuated from their apartment complexes. Agencies have connected those clients to shelters, donations, FEMA assistance, and Texas Workforce Commission assistance unemployment benefits. Curfews have been lifted in some areas though flooding is still occurring in some locations due to dams and levees continuing to release water.
- URD is reporting that URM in foster care and those in SIL all are safe in their residence.

#### **Current Status—Refugee Provider Agencies and Staff**

- MRD is reporting by local resettlement agencies that all clients that were evacuated out of Houston have returned home and no significant impact to health or well-being has been reported. New RMA applications from R-4 are being submitted daily and all agencies are back to work assisting with case management and enrollment into all programs. Staff are also continuing to call clients and conduct home and complex visits. Transportation services are back up and running and requests have been submitted to USCRI for these services. Resettlement agency staff are transporting some clients to medical appointments and or to FEMA locations to complete documentation for FEMA or the Texas Workforce Commission. The largest issue is the loss of wages for clients. Loss of housing is reportedly minimal.
- MRD Update on Harris County Public Health/Refugee Screening Clinic- HCPH has opened as of today with a skeleton crew. They are in frequent communication with the resettlement agencies. The Program Director will continue to update R.4 RRHO with inquiries regarding any situations in which clients would need to be seen beyond 90 days (due to the hurricane). They currently are aware of eight such clients.
- All agencies are open and fully operational
- Staff are continuing to call clients conduct home and apartment complex visits
- Staff are transporting clients to medical appointments and/or FEMA locations to complete documentation for FEMA or Texas Workforce Commission
- Texas RRD Lead is reporting that all refugee provider agencies are open and fully operational. Staff are calling, visiting and transporting clients as needed.
- URD reports that as of 9/1/2017, the A/C in the foster home on Rio Bend property was fixed and the youth and foster parents moved back in their home. As of 9/5/2017, all staff have reported back to work in the St. Jerome program.

#### **Refugee Provider Agency Response Priorities**

- Agencies have contacted all active clients in US RP & MG programs to confirm their safety.

- Most agencies have also assessed all clients served within FY17. Many agencies are trying to work on assessing clients beyond FY17, some have had various degrees of success with this.
- Refugees have been evacuated from some apartment complexes, a few have returned, somewhere moved prior to the flooding, others have been relocated, a few are still with family members.
- Agencies are working hard to provide support to all clients whom may be eligible for assistance and support through churches, foundations, donations, FEMA assistance, and Texas Workforce Commission assistance unemployment benefits.
- Texas RDD lead hosted a call Tuesday to understand current scope of challenges and to discuss coordination and strategy planning.

Texas RRD lead reports the following below on ORR eligible clients only:

		TOTAL
Temporary loss of housing due to flooding (will return to previous housing)		68
Permanent loss of housing (cannot return to previous housing)		1 - already relocated to new apartment
Eviction risk due to wage loss		208 - Difficulty for Sept. + 160 - Difficult for Oct.
Loss of wages		643 - Lost a weeks' worth of wages + 22 lost their job

Loss of transportation		100
Loss of furniture, clothing and household supplies		48 lost housing items and clothing
Loss of medication or medical equipment		5
Loss of identity documents		5

### Future Planning for Risks

- • \* Texas RRD will be working with all area partners to try and coordinate their efforts, to maximize their time, and to share information on resources and support. RRD created a good drive for resources, cross collaboration on knowledge sharing about financial support resources, apartment complexes.
- • \* *Interpretation Challenges:* RRD has contacted state agencies and are notifying them of our ability and support to get materials translated or to be support in helping people and agencies with translation for access to state and federal relief programs or applications.
- • \* *Displaced Housing:* Advocacy planning for tenant rights and landlord responsibilities. This includes apartment complexes releasing people from rental agreements who are being relocated as well as adequate remediation of water and mold damage. Efforts to identify hotels, apartments, places for individuals and families to go and stay for the longer term is beginning.
- • \* *Emergency Cash Assistance:* All agencies believe that the greatest impact will result from a week of lost wages. Active and past clients' needs may include emergency rent, lost wages, transportation, and new apartment deposits.
- • \* *Sharing of Available Information:* RRD is actively supporting partners' response work by sharing vetted resources and information about benefits and services available.

### Current ORR Refugee Response Actions

-

- • \* ORR Regional Representative is in contact with Texas RRD for the Houston area on a daily basis to maintain situational awareness and provide guidance.
- • \* ORR Regional Representative is in contact with the HHS/ACF Region VI Emergency Management Analyst and shares information provided by the analyst to the Houston agencies.

Hi Anastasia,

Attached is a resource that NPCT developed (as part of their workplan) for your review.

I don't consider this country guide to be sensitive material according to the new guidance ORR received ("Activities of a sensitive nature would be those that seek to address, interpret or comment on the current (or prior) administration's policies, orders or funding.")

Curi talked to Ken about the country guide and he's ok with it not needing further HHS Policy Team since it is just factual or helpful tips.

Thanks,

Tim

Hi, Mita,

Sorry for the late reply. I had 7 meetings today (6 on my schedule and 1 ad hoc)... so, have only sporadically been getting to my emails.

Michael also asked me about presentations. We save all of our presentations (probably dozens, mostly all slightly different versions of the same thing) on the R: drive (ORRUser->DRH->Communications->ORR and DRH presentations), but none of them would probably meet the needs you were looking for since they are all geared towards an audience that is outside our network – introducing who ORR is, who UC are, how the UC program works. That is, we don't need to tell our grantee what they do.

Separate from these presentations and saved on the S: (or L: or whatever your sharedrive letter is for UC)/Medical Team folder are training presentations the Medical Team has done on the past on various subjects (varicella, TB, etc.)... however, a lot of that isn't current anymore.

Oh, I just thought of the *one* presentation that may have been useful to you, but forgot about when I talked to Michael... what I put together for the SWK Medical Conference, also on the R: drive... but, that needs to be updated, too. Probably too late to help you now, but I've attached it for your reference.

Hello Curi,

I am headed to YFT today. Sorry for the last minute request, but I was out on Friday (sick) and Monday (AWS) and am now attempting to put together a presentation on our work. Do you have anything you could send me?

I plan to cover the team's composition, major things we do/day-in-the-life

I am leaving shortly, but if you email me at (b)(6)@gmail.com, I will be able to access it once I touch down at YFT.

Best,  
Mita

Hi, (b)(6)

It's way early, but just wanted to propose an idea for the 2018 NARHC.

Here at ORR, we've been coordinating a lot of Mental Health First Aid (MHFA) trainings across the U.S. (~1,000 refugee community leaders and resettlement staff trained). MHFA is an 8-hour curriculum and certificates are received at the end of the training. One of our staff, who is a former refugee from Bhutan himself, is a certified MHFA instructor, so has been teaching at many of these trainings in addition to coordinating them. The next training he is doing is at a refugee conference in ND (see attached conference program). We thought it was interesting that they incorporated the training into the conference. It made me wonder if this is an offering you may want to consider at the next NARHC...

Thanks,  
Curi

I have attached the original PDF of the state plan checklist, and the revised word version, which is still in draft – we have a few items for you to decide on. I don't think we will have time to discuss the ORR-1 instructions, but we can provide comments on those by email. << File: State Plan for Grants to States for Refugee Resettlement Draft DPP.docx >> << File: state\_plan\_approval\_check\_list(3).pdf >>

**Subject:** FW: 1115 Medicaid Waiver Comments and Talking Points: Impacts for Refugees

Hi Jennifer and Curi,

I understand that you two spoke about Medicaid concerns and potential lack of retroactive coverage, which is a concern for us here in Kentucky. I'm forwarding along an old email from (b)(6) that includes the formal comments from the Kentucky Office for Refugees and other talking points and information about the Proposed Medicaid Waiver for Kentucky. The last attachment, "Medicaid Waiver Consumer Handout" highlights the concerns about retroactive coverage as a section – my understanding is that it would hold true for all Medicaid recipients, not just those covered under the expanded population.

I'm including (b)(6) Kentucky's new SRHC, on here. She is not new to any of this Medicaid Waiver discussion but I just want her to know that we've been communicating about this and keep her in the loop.

The Kentucky 1115 Waiver has not yet been formally approved, but we have every reason to believe it will be. State administrators have been open about the fact that they have been having weekly meetings for many months now to plan for implementation. In the health care provider world, we are preparing ourselves for changes to begin January 1, 2018, though we suspect that not all of the components will be ready to be rolled out at that time.

In general, we are very concerned that the true cost savings of this waiver (if any) will only come from people falling off from coverage. It is a very complex system of multiple accounts, co-pays, and work requirements that will be too complicated for native Kentuckians to navigate, not to mention our refugee and immigrant populations.

On the refugee health screening side, the inability to retroactively bill Medicaid for services would greatly impact screening providers' willingness to do the screening or would result in policies (which some providers already have) that say that clients must have active Medicaid and proof of it at the time of screening. *This, of course, would make meeting PRM's 30 day requirement even more challenging.*

Hope this is helpful,

(b)(6)

Hi,

Here are some talking points and ways to comment on Governor Bevin's proposed Medicaid Waiver; his administration has extended the comment period until this coming Sunday, 8/14.

Attached are the comments our office submitted, along with some talking points about how the waiver will specifically affect refugees.

The other attachment includes talking points from health advocacy group Kentucky Voices for Health, about how the waiver will affect the general population.

The final attachment are details about the waiver and what it would revoke/change.

I think comments submitted from mental health medical providers accepting Medicaid would be extra powerful/effective.

People can email comments directly to Medicaid Commissioner Steven Miller at: [kyhealth@ky.gov](mailto:kyhealth@ky.gov), and copy Ky. Voices for Health as well (they are compiling all comments): [kymedicaidchanges@gmail.com](mailto:kymedicaidchanges@gmail.com).

Thanks,

### Cuban Entrants Remain Eligible for ORR Benefits and Services

On January 12, 2017, the Department of Homeland Security (DHS) announced termination of the 'wet foot/dry foot' policy. Despite several changes to DHS policies affecting Cuban nationals, Cubans who meet the definition of Cuban Entrant and can provide the required documentation are still eligible for ORR benefits and services. To clarify this, ORR recently released [Policy Letter 17-01: Cuban Entrants Remain Eligible for ORR Benefits and Services](#).

### Integrative Healthcare Trainings Online

The [National Partnership for Community Training](#) (NPCT) is hosting two trainings on [integrative health care](#). The *Exploring Approaches and Benefits for Refugees* webinar will offer ways resettlement staff and community leaders can support an integrative health care approach. The *Addressing Mental Health in Primary Care* post-webinar discussion will share ideas on facilitating behavioral health referrals, identifying somatic symptoms, and utilizing trauma-informed approaches to care for healthcare providers.

All,

The previously selected candidate for this position, (b)(6) has declined GDIT's offer.

We previously interviewed and forwarded the resume for (b)(6) and we are proposing (b)(6) as the new candidate for this position. (b)(6) resume is attached for your review and consideration.

If you approve the hire of (b)(6) we will proceed with a job offer, and will work with you on initiating the federal security background check for (b)(6). We would anticipate a start date around October 2017.

Thanks,

Hi, (b)(6)

Have you checked HealthReach (formerly known as RHIN)? It is supposed to be like a clearinghouse of health education materials in various languages.

Reaching out on behalf of (b)(6) who is looking for patient ed resources in her work with refugee nutrition. Please see details and her contact info below.

[ellen.frerich@state.mn.us](mailto:ellen.frerich@state.mn.us)

From Megan:

I work as a nutrition epidemiologist at the CDC in Atlanta and recently started doing pro bono work at a refugee clinic in the area. Unfortunately, the clinic has never been able to offer nutrition services to their patient population and has no nutrition education materials. I've reached out to numerous folks in the area (WIC programs, Emory University, a few people at CDC) and no one seems to have good pediatric nutrition counseling materials for this population group. So I would be incredibly grateful if you would be to share any resources or connections from your own work!

Here is a quick snapshot of the types of patients I typically see in clinic:

- Pt age range:
  - o Birth - 13 yrs
- Time in US:
  - o Everything from new arrivals to families that have been in-country for 5 years.
  - o The new arrivals obviously have lots of malnutrition-related issues (some

protein energy malnutrition, lots of Fe & Vit D deficiencies, widely varying practices on breast and complementary feeding, poor sanitation/hygiene practices, etc).

o Then we also see lots of patients that have started to assimilate and begin rapidly jumping BMI percentiles. So those encounters tend to be focused on behaviors related to overweight/obesity.

- Pt origins:

- o Southeast Asia (Malaysia, Burma, Laos)

- o Middle East (Afghanistan, Pakistan, Iraq, Syria)

- o Sub-Saharan and the Horn of Africa (Somalia, DRC, Burundi, Congo, Ethiopia, Eritrea)

- Pt literacy:

- o Most parents have very low levels of literacy and health-literacy, both in native languages and in English.

- o We have translators available for all clinical visits, but any handouts/tools need to be very basic and largely pictorial.

- Once a month we also have a peds development clinic - specifically serving refugee children with developmental disabilities (CP, muscular dystrophy, FASD, etc).

Before joining CDC, I had been working in Rwanda with an organization called Partners In Health managing pediatric acute malnutrition (SAM & MAM). So I am quite familiar with the medical nutrition management of this population, but finding patient counseling/education/motivation interviewing resources has been extremely difficult. So any support you could provide would be greatly appreciated!

If there are any other questions I can help answer or if there is any more information I can provide, please don't hesitate to call or email. Thanks in advance for all of your time and support!

Dr Kim

It was nice to finally meet you.

Regarding your question on who provided direction on the flu vaccine. I was researching in old emails from Kelly, my predecessor, and found this email below. She mentions on March 17, 2014 that the flu vaccine is not covered but I was not able to find an email prior to this as to who gave her this direction. I just know that the Guidelines for the Program were drafted for that year to reflect this direction. I've asked Alonna if she has maintained any emails but was not able to find any.

I have attached our immunization reimbursement form which shows you all of the pricing that is available for adult immunizations. The flu vaccine is no longer covered.

I have also attached the 2013 immunization schedule for adults from CDC. If the client has no documentation of Tdap vaccination, they should be given Tdap rather than Td. In the case of MMR, if you have a client over the age of 55 that has no documentation of receiving MMR vaccine the immunizations program recommends vaccinating since our population is not guaranteed to have received it overseas during that vaccination effort. In the case of the vaccines that are highlighted purple, they should be provided if there is no vaccination documentation or antibodies present. In the case of our refugee clients, they have been living in high risk conditions that would make their need for vaccination automatic in these cases.

Please let me know if you have any questions.

Kelly,  
 Can you help me just a little and let me know what shots are required for a refugee and what shots should be given first for adult? I don't know why they are being given a TD and not a TDAP . I was informed to give Polio, Meng., Tdap, HEP A, Hep B,, Pneumonia. The flu is not paid for now if that's right? I know I have sheet with all shots. Could use a little guidance since we lost our ARNP...  
 Thanks

 Hi All,

Did we want to have a brief meeting to discuss what we plan to say during the exit meeting tomorrow? I know this is normally done on-site but since Curi and I are both back in DC, we can have a short conference call maybe after your last meeting today? In particular, I was curious if you found anything interesting with the RMA case file

review. I conducted a detailed review of the case list and there were some issues worth discussion (e.g. some clients had DOA after their Enrollment date).

I actually have an ultrasound scheduled for tomorrow morning so Curi plans to do all the DRH exit meeting comments.

Thanks,

Hi, Tom,

From <http://www.pbs.org/newshour/rundown/ap-report-u-s-wants-tally-haitian-immigrants-crimes/> --

They show the agency's policy chief also wanted to know how many of the roughly 50,000 Haitians enrolled in the Temporary Protected Status program were taking advantage of public benefits, which they are not eligible to receive.

### **Feds to ask for dismissal of Tennessee's refugee lawsuit**

**The Tennessean | Joel Ebert | 5-9-2017**

The federal government will ask for a dismissal of Tennessee's lawsuit over refugee resettlement, according to document filed in federal court on Monday. While seeking more time to file their request, attorneys for the Department of Justice said Tennessee lacks standing and "their claim is unripe."

### **Foreign Minor Resettlements to MS-13 Hotspots Continues for 4th Year, Data Show**

**Breitbart | John Binder | 5-9-2017**

The first quarter report for Fiscal Year 2017 from the Office of Refugee Resettlement (ORR) indicates no effort by the federal government to slow the mass relocation of typically Central American unaccompanied refugee children in areas like Nassau and Suffolk Counties, New York, which have become breeding grounds for the violent MS-13 gang.

### **MILES OF UNDERSTANDING**

**The Daily Iowan | Lily Abromeit | 5-9-2017**

According to data provided by the Office of Refugee Resettlement, the number of primary refugee arrivals has gradually increased since 2010 in Iowa. In 2015, the latest data available, 787 refugees were first resettled in Iowa. These refugees came from 23 different nations; the most from Burma/Myanmar at 38 percent, followed by the Congo at 10 percent.

**Refugee Resettlement**

### Refugees From Violence and War Build New Lives In New York

**Village Voice | SULOME ANDERSON | 5-9-2017**

New York has never been an easy city in which to start a life under the best of circumstances, and the high cost of living stymies formal refugee resettlement efforts. Those who arrive, like Loubna, with developed talents and international connections through their work are still thrust into the maelstrom of New York's competitive cultural life. Others — those resettled with the help of aid organizations, family arrivals from troubled states, undocumented refugees from war and repression — are cut off from the only lives they've ever known and struggle to navigate through New York's pitfalls and opportunities.

### Refugee resettlement debate heats up at Fargo City Commission meeting

**KFGO | Don Haney | 5-9-2017**

Piepkorn says a legislative study approved this session should supply information on the true costs of refugee resettlement. He believes those costs should be reimbursed by the federal government. A citizens group critical of Piepkorn's criticism of refugee resettlement is expected to turn in petitions later this week calling for the commissioner's recall.

### Coalition counts cost of delay to US refugee deal in budget

**The Guardian | 5-9-2017**

Spending on offshore detention centres has not been reduced in the federal budget to reflect the refugee resettlement agreement with the United States because of the deep uncertainty surrounding the arrangement.

### AP report: U.S. wants tally of Haitian immigrants' crimes

**PBS Newshour | ALICIA A. CALDWELL, ASSOCIATED PRESS | 5-9-2017**

The Trump administration has begun hunting for evidence of crimes committed by Haitian immigrants as it decides whether to allow them to continue participating in a humanitarian program that has shielded tens of thousands from deportation since a devastating earthquake.

### **Unaccompanied Children**

### Northwest Immigrant Rights Project Sues Feds Over Request to Stop Helping Undocumented People

**The Stranger | Sydney Brownstone | 5-9-2017**

In the same motion, NWIRP argued that this would "deprive thousands of unrepresented immigrants—including asylum seekers and unaccompanied children—of the chance to consult with a NWIRP lawyer and to receive critical assistance in understanding immigration law and navigating the byzantine immigration system."

#### Group Helps Provide Stability for Unaccompanied Minors Arriving in Greater Portland

**Maine Public Radio | CAROLINE LOSNECK | 5-9-2017**

Navigating life as a teenager can be difficult — there's prom, drivers ed, preparing for college and managing relationships. But how about being a teen from a foreign country without parents or an adult guardian to guide you? That's where a small, informal network of caring adults comes in. Over the last 6 years, the network has helped unaccompanied minors who've arrived in Greater Portland legally on student visas after fleeing their own war torn countries. There are no official numbers, but the group estimates about 60 students have settled in the area.

#### Cleared Of Rape, Immigrant Teens Now Face Child Pornography Charges

**WAMU | Armando Trull | 5-9-2017**

Two undocumented immigrant teens cleared of raping a 14-year-old schoolmate in Montgomery County are now facing child pornography charges in what critics are calling a prosecutorial attempt to make up for dropping a case that drew comment from the White House.

### Cuban Entrants Remain Eligible for ORR Benefits and Services

On January 12, 2017, the Department of Homeland Security (DHS) announced termination of the 'wet foot/dry foot' policy. Despite several changes to DHS policies affecting Cuban nationals, Cubans who meet the definition of Cuban Entrant and can provide the required documentation are still eligible for ORR benefits and services. To clarify this, ORR recently released [Policy Letter 17-01: "Cuban Entrants" Remain Eligible for ORR Benefits and Services](#).

### Integrative Healthcare Trainings Online

The [National Partnership for Community Training](#) (NPCT) is hosting two trainings on [integrative health care](#). The *Exploring Approaches and Benefits for Refugees* webinar will offer ways resettlement staff and community leaders can support an integrative health care approach. The *Addressing Mental Health in Primary Care* post-webinar discussion will share ideas on facilitating behavioral health referrals, identifying somatic symptoms, and utilizing trauma-informed approaches to care.

I just asked Trina to add you; I asked last week, too, but sometimes I need to send reminders if it hasn't happened.

If you email that ACF-ORR staff address, it will go to every single person in ORR, so don't do that ;)

Trina is ORR's Administrative Officer and should be the owner of the ACF – ORR staff distribution list. However, she may need to ask ITIO herself to add you. (BTW, I already added you to the DRH distribution list; FYI, the DRH distribution list also includes DHUC – formerly, the UC Medical Team since I used to supervise them.)

The ACF – ORR staff email is part of "general stakeholders" list housed within Constant Contact. That is, it is one of the thousands of emails on that distribution list. So, when we send out the bulletin through Constant Contact, everyone at ORR (or everyone who is on the ACF-ORR staff list) should get it.

**Importance:** High

Colleagues,

The Office of Workforce Planning and Development (OWPD) is pleased to announce the **2017 ACF 21<sup>st</sup> Leadership Development Program (LDP)**. The LDP is based on the premise that **'everyone** is a leader' regardless of your role and or position. ACF recognizes the unique needs and leadership aspirations of employees at all levels of the organization, and seek to continue investing in your leadership development.

### THE 2017 ACF 21<sup>st</sup> Leadership Development Program (LDP)

**NEW – ACF New Leaders Program (GS-7 to GS-11)**  
**This is a cohort program requiring a commitment of 6 months to participant.**

**Management Concepts** in partnership with ACF provides for the first time an experiential leadership development program that addresses the immediate needs of leading from one's level as individual contributors. The program offers 360-degree feedback assessment, 30-day developmental assignments, coaching/mentoring, course materials, webinars, shadowing assignment, leadership development training, and learning action planning. In order to successfully lead others, an individual must first lead themselves.

**The Brookings Institution** is a highly regarded, nonprofit public

The **Office of Personnel Management (OPM), Center for Leadership Development (CLD)** is dedicated to transforming leaders to better serve the Federal Government. Below are the three available trainings for GS-13 to GS-15 employees:

- Engaging and Encouraging Employees (2 days)
- Team Development (4 days)
- Extraordinary Leadership (4 days)

**Excellence in Government (EIG) Program (GS-13**

policy organization based in Washington, DC and will be providing two specific leadership trainings for GS-13 to GS-15 employees:

- Problem Solving and Critical Thinking (2 days)
- Leading Innovation and Creating Value (2 days)

to GS-15)

**This is a cohort program requiring a commitment of 24 days to participate**

**Partnership for Public Service** teams up with federal agencies and other stakeholders to make our government more effective and efficient. Since 2001, the Partnership has helped government nurture its most important asset—its people—providing continuity through two presidential administrations and numerous leadership changes across federal agencies.

To assist you in making a leadership training decision, we have attached a detailed description of each training and or program in the **ACF 21<sup>st</sup> Leadership Development Program Descriptions**. Please carefully review the document and application process before submitting your application for consideration.

---

## APPLICATION PROCESS

You must meet the following eligibility requirements:

- • Be a full-time ACF Federal Career employee;
- • Be employed by ACF for at least ninety- days by the closing date of the application process;
- • GS-7 to GS-15, and
- • Have a current performance evaluation at the Achieved Expected Results (AE) level or higher.

## HOW TO APPLY

- • Select a training and or program on the ACF 21<sup>st</sup> Leadership Development Application (**Attached**);

Hi (b)(6)

I followed on this issue and LRA should not enroll pregnant women on RMA pending Medicaid application even in regards to the income question. Since the income standard for Medicaid for pregnant women is 198% and RMA is 200%, this will probably have minimal to no impact on the population we had talked about potentially not qualifying due to income.

We understand there is a concern to make sure these women get coverage asap; however, once determined eligible the Medicaid coverage is retroactive.

Please let me know if you have any questions.

Thank you,

Hi, Shannan,

Just talked to you about this, but also wanted to mention to specify that varicella IgG titers should be drawn *before* VariZIG is administered as the VariZIG may interfere with titer levels (since it is basically varicella IgG), causing a false positive if titers are drawn after the product is given.

I had a question regarding isolation post VARIZIG for our protocols.

According to the CDC website:

"Because varicella zoster immune globulin might prolong the incubation period by  $\geq 1$  week, any patient who receives VariZIG should be observed closely for signs and symptoms of varicella for 28 days after exposure"

Hi Curi,

I am schedule to give a brief discussion on TB.....although I don't plan on discussing too much on TB but mainly focus on CXRs and the overall logistics etc. Can I take a look at the presentation that you gave previously that reviewed TB efforts?

My plan was to discuss re-org and changes here at DHUC and then briefly touch on TB and then hand it over to shaanan to discuss Varizig.....we only have an hour or hour and half so not much time.

Hi Curi,

Here's the Monitoring Notice for you to review and sign. Feel free to make changes directly in the document and let me know if you want me to print out for you.

Also, I'll send this Pre-Monitoring Questionnaire. I've deleted most of the questions and really only ask for staffing allocation. As you can see on the notice we are already asking them for a lot of information, and CO provides a lot of details in the ORR-1, State Plan, and I imagine WF application. I don't think we need to ask them to repeat how they operate with other state agencies.

Please let me know if you have any questions.

**Importance:** High

Dear State/WF Refugee Coordinators and Replacement Designee Leads:

Since 1995, ORR has complied with the Government Performance and Results Act of 1993 (GPRA), in partnership with State refugee programs and Wilson/Fish alternative programs, by setting performance goals and reporting outcomes, information collected in the form of the Annual Outcome Goal Plan. The six (6) performance measures collected in this form are recognized by the Office of Management and Budget (OMB) as consistent with the intent of GPRA.

Please review the attached Annual Outcome Goal Plan Instructions. The Annual Outcome Goal Plan Performance Narrative is attached for your completion and submission along with the Annual Outcome Goal Plan form which will be emailed to you as indicated below. The Final Completion Checklist is attached for your use in ensuring full completion of the Plan.

State/WF Coordinators and Replacement Designee Leads will receive individualized, electronic Annual Outcome Goal Plan forms via separate email. These individualized forms will have FY 2017 goals data pre-entered based on the approved Annual Outcome Goal Plan for FY 2017.

The completed FY 2018 Annual Outcome Goal Plan and Performance Narrative should be submitted to [GPRA@ACF.hhs.gov](mailto:GPRA@ACF.hhs.gov), by November 15, 2017. Please copy your Regional Representative and contact them or Goran Debelnogich at [goran.debelnogich@acf.hhs.gov](mailto:goran.debelnogich@acf.hhs.gov) or (330) 907-3480 for assistance.

Thank you for your attention to this important reporting requirement.

Dear Health Disparities Council members,

The HHS Office of Minority Health (OMH) is seeking nominations of qualified candidates to be considered for appointment as a member of the Advisory Committee on Minority Health (ACMH). The Committee provides advice to the Deputy Assistant Secretary for Minority Health on improving the health of racial and ethnic minority groups, and on the development of goals and specific program activities of OMH designed to improve the health status and outcomes of racial and ethnic minorities.

Nominations of qualified candidates are being sought to fill vacancies on the Committee. There are a total of four impending vacancies: Three vacancies that impact the representation for the health interests of Hispanics/Latinos and one vacancy that impacts the representation of Asian Americans, Native Hawaiians, and other Pacific Islanders. OMH is particularly seeking nominations for individuals who can represent the health interests of these racial and ethnic minority groups. These positions will open July 2018. The deadline to submit nominations is January 3, 2017.

The Federal Register Notice for the Solicitation of Nominations for Appointment to the ACMH has been published online (and is attached as PDF):

### Child Care

#### Sen. Patty Murray wants to fix what experts call 'enormous inequalities' in child care

Murray's bill would add more affordable child-care options, support universal preschool programs and increase compensation for child-care workers. She introduced it this past month, with strong support from Democrats but none yet from Republicans.

### Children, Youth & Families

#### Supreme Court refuses to hear Kentucky foster care case

The U.S. Supreme Court has refused to hear a case involving a growing number of Kentucky relatives providing free foster care for children. The result is that Kentucky must begin paying those relatives the same as they do licensed foster families, news outlets report.

*Associated Press, KY*

*Oct. 11, 2017*

#### The \$600-a-night foster care bed

The payment of high per-night fees was first reported by InvestigateWest, Crosscut and KCTS9 last fall. Since then, InvestigateWest has learned that the top rate the state is willing to pay has nearly doubled over the last year from \$325 to \$600. And new payment records requested from the state, as well as confidential but incomplete data obtained by InvestigateWest, show that at least a handful of foster families are making a small fortune on the practice.

**70-plus children missing from Kansas' foster care system**

Lawmakers are expressing outrage after learning more than 70 foster children are missing in Kansas. Foster care contractors provided the information during a meeting Tuesday in response to questions about the disappearance of three sisters from a northeast Kansas foster home, *The Kansas City Star* reports. Police believe the still-missing girls — ages 15, 14 and 12 — ran away in August.

**Lawmakers shocked to learn 70-plus children missing from Kansas' foster care system**

In a revelation that shocked lawmakers, the companies running the state's foster care system said Tuesday that more than 70 foster children are missing in Kansas. Lawmakers also were furious that Phyllis Gilmore, secretary of the Kansas Department for Children and Families, appeared unaware that three sisters have been missing from a northeast Kansas foster home since Aug. 26.

Seven Jefferson County Public School Head Start employees are out a job and it could just be the beginning of a broader investigation as a report reveals the mistreatment of several children under the districts care. The facts so shocking the head of the Office of Head Start flew to Louisville to tell school leaders they are on notice. The report was

written by the administration for Children and Families, which is a division of the US Department of Health and Human Services. The allegations are so severe Linehan threatened to pull the plug on the district's federally funded program.

Amila Merdzanovic, director of the Vermont Refugee Resettlement Program, says the effects of the reduction will be felt in Vermont and across the country. The agency had hoped to resettle 450 refugees in Vermont this coming year. Because of the Trump administration's effort to limit resettlement, they've had to scale their efforts back to 345. The State Department has approved plans to resettle 270 refugees in Colchester and 75 in Rutland. In Colchester, recent refugees have been from a number of countries, including Nepal, Bhutan, Somalia, the Congo and others. Rutland is expecting families from Syria and Iraq.

## **Unaccompanied Alien Children**

### **The Trump administration is preventing undocumented immigrant minors from getting abortions (featuring ACF)**

Thousands of unaccompanied, undocumented immigrant minors are currently in the custody of the United States federal government, which is legally obligated to provide them with health care. In March of 2017, the Office of Refugee Resettlement announced that federally funded shelters are barred from taking "any action that facilitates" abortion for these unaccompanied minors without "direction and approval" from ORR Director Scott Lloyd. And according to the ACLU, Lloyd, a Trump nominee, is now prohibiting minors from accessing abortion care—and instead sending them to "crisis pregnancy centers" that urge them not to terminate their pregnancies. According to the ACLU, Lloyd, the current ORR director, has personally called pregnant minors in an attempt to talk them out of terminate their pregnancies.

### **Teen detained in Texas after crossing border fights to have abortion (featuring ACF)**

Advocates for a pregnant 17-year-old girl held in a Texas facility for immigrant children who have crossed the border alone are asking a federal judge to allow her to get an abortion, over the opposition of U.S. and state officials. A federal magistrate judge in San Francisco has scheduled a hearing Wednesday on a request filed by the American Civil Liberties Union of Northern California, which accuses the U.S. Department of Health and Human Services of refusing to let the girl be taken for the procedure. Staff at the facility where she's being held refused to take her to her appointments with a doctor to seek an abortion, or let the attorney take her, even though private groups that support abortion rights have raised money for the procedure. Instead, she was taken to a crisis pregnancy center.

### **Court filing: Trump appointee blocks pregnant teen migrant from getting abortion (featuring ACF)**

A Trump appointee has prevented a 17-year-old migrant at a federally funded shelter in Texas from getting an abortion and directed she be sent instead to religious counseling, according to a motion filed in federal court last week. In court filings over the last few days, they've argued that changes at the Office of Refugee Resettlement are to blame and that the girl, referred to as Jane Doe, is not an isolated case. According to emails filed

with the court, new ORR Director Scott Lloyd has met with a minor in federal custody to discuss her pregnancy and directed his staff to counsel girls about the risks of abortion – an early sign of how Lloyd's priorities will reflect his past work in pro-life advocacy.

*(featuring ACF)*

A pregnant, 17-year-old, undocumented immigrant is at the center of a legal dispute over whether unaccompanied immigrant minors have the right to an abortion in the United States. Jane Doe, as she's referred to in court filings, is currently at a shelter in Brownsville, in the custody of the Office of Refugee Resettlement (ORR), a federal agency responsible for refugees and unaccompanied undocumented minors. Doe is seeking an emergency court order authorizing her to access abortion services after the federal office blocked her from attending a pre-abortion medical appointment.

### **Pregnant immigrant in Texas will test abortion access** *(featuring ACF)*

Officials with the ACLU and Janes Due Process, a nonprofit that helps teenagers gain access to abortion, argue that Jane Doe's experience is part of a larger pattern by the Office of Refugee Resettlement, which under President Donald Trump has refused to allow unaccompanied minors to receive abortions, referring them instead to crisis pregnancy centers which counsel women against abortions, often from a religious perspective. "Trump administration officials are literally holding her hostage," ACLU lawyer Brigitte Amiri said. "The interference by government officials about the most intimate and personal decision a woman can make is horrific. It's also blatantly unconstitutional."

### **Trump administration blocks legal abortion for undocumented Texas minor in federal care** *(featuring ACF)*

A 17-year-old undocumented minor living in federal custody in Texas is being denied her right to an abortion by the federal government. American Civil Liberties Union lawyers, who call the move "shocking" and "straight from dystopian fiction" are requesting an emergency hearing Wednesday in a California federal court to grant her abortion access before she's too far along in her pregnancy. The girl, dubbed "Jane Doe" in court documents, is currently living in a Brownsville facility for undocumented and unaccompanied minors run by the feds where, by law, she is required access to "family planning services, including pregnancy tests and ... access to medical reproductive health services and emergency contraception."

**Texas must not be a 'sanctuary state for abortions,' AG Ken Paxton says in court brief** *(featuring ACF)*

The federal government should not give unauthorized immigrant minors the right to have abortions, Texas Attorney General Ken Paxton said Tuesday. The American Civil Liberties Union wants to add "Jane Doe," a 17-year-old unauthorized immigrant who sued in Texas to have an abortion, to an existing federal case against the U.S. Department of Health and Human Services. Paxton filed a brief in the case in response, arguing that unauthorized minors do not have the right to have abortions. The ACLU argues that restricting reproductive and abortion care is unconstitutional, but Paxton said the case could establish Texas as a "sanctuary state for abortions."

**Teenage illegal immigrant crosses border to get abortion. Now it's up to a judge if she can.** *(featuring ACF)*

A judge is deciding Wednesday whether the state of Texas must help a teenage illegal immigrant get an abortion — a case that could have serious ramifications. Even though the 17-year-old illegal immigrant received a judicial waiver allowing her — a minor — to get an abortion, the officers detaining her refuse to take her to an abortion clinic. American Civil Liberties Union (ACLU) lawyer, Rochelle Garza, told The Associated Press on Tuesday. "I feel like they are trying to coerce me to carry my pregnancy to term," the girl told a federal court earlier in October, explaining that she was taken to a crisis pregnancy center instead of an abortion clinic.

### Child Care

#### **Minnesota first in nation to use new online child care tool**

Minnesota is first in the nation to use a new on-line tool(parentaware.org) that's designed to help both child-care providers and parents understand more about who and what is available for licensed child-care. Angie Bowman with Child Care Aware of Minnesota says the site is like a living database.

#### **Proposed bills would require alarms in day-care center vans to prevent child deaths**

Two Democratic state lawmakers on Monday unveiled bills they say would save the lives of children by requiring alarms in vehicles used by day-care centers and large family child-care homes. In the wake of the death in August of 3-year-old Myles Hill, Sen. Linda Stewart, D-Orlando, and Rep. Bruce Antone, D-Orlando, have introduced identical bills mandating that vehicles transporting children have a reliable alarm system, they said at a news conference.

### **Oklahoma cuts funding for child abuse prevention due to budget crunch**

The Oklahoma State Department of Health announced Monday it will cut funding for nine child abuse prevention programs and 25 community health centers as of Nov. 15. The state faces a \$215 million budget gap this year after the Oklahoma Supreme Court struck down a \$1.50-per-pack cigarette tax.

### **Kansas cares about children in foster system**

The state of Kansas is not a parent, and should not be — though The Star's editorial suggests otherwise. The government was never equipped to raise a family. But we do take seriously our obligation to protect children and ensure their well-being.

### **Just say know: Teens say pregnancy prevention programs are worth keeping**

The programs, which reach 1.2 million adolescents in 39 states, rely on medically accurate information and use techniques teaching abstinence and contraception that have been scientifically validated as effective. But they are controversial with abstinence-only advocates in the Trump administration.

## **Child Support**

**What does Lancaster County do when a parent fails to pay child support? [We The People report] (featuring ACF)**

Federal statistics for 2016 show Pennsylvania to be the best in the nation at enforcing support orders, collecting 84 percent of payments on time, compared to the national average of 65 percent. Iowa was a distant second at 74 percent.

**Collect all child support payments**

Deadbeat parents, almost all men, have racked up \$4.5 billion in unpaid child support payments in Ohio, it was learned last week. That is unacceptable. Child support debts on the books go back to 1976, reported state Department of Job and Family Services official David Fleischman. In other words, some children have been born and grown to adulthood without adequate — or in some cases, any — support from their fathers.

## **Trafficking**

### **Why corporate attorneys are against the 'Stop Enabling Sex Traffickers Act'**

Congress is contemplating a bipartisan law called the "Stop Enabling Sex Traffickers Act," and while the bold title certainly seems like something everybody should be in favor of, the details of the plan have lawyers nervous. Especially lawyers who work for large companies. SESTA would amend Section 230 of the Communications Decency Act to provide civil or criminal penalties for those who knowingly facilitate sex trafficking. Section 230 protects you from liability just because your users act a fool. Without it, a lot

of the business of the internet would change drastically. That's why so many disparate stakeholders are aligned against this sex trafficking bill.

### **Unaccompanied Alien Children**

**Health and Human Services has allegedly tried talking undocumented teens out of abortions (featuring ACF)**

Health and Human Services officials have tried to block undocumented pregnant teens — sometimes victims of rape or incest — from having abortions despite having the money to pay for it themselves, according to a report. The underage girls over the last seven months were instead made to visit religious-tied centers that convince women not to have abortions, Politico reported. It was HHS officials in other instances who directly spoke with the teens at federally funded shelters about not following through with the procedure.

### **Undocumented pregnant teen seeking an abortion in Texas could set new legal precedents (featuring ACF)**

A court case bubbling up in Texas could have huge ramifications on both immigration and abortion in our nation. A 17-year-old was caught crossing the United States-Mexican border and was transferred, as is normal procedure, to the Office of Refugee Resettlement under the U.S. Department of Health and Human Services. They took custody of the girl, who is pregnant, and have been caring for her and her unborn child.

The Trump administration is preventing an undocumented, pregnant teenager detained in a Brownsville refugee shelter from getting an abortion in a policy shift with big implications for hundreds of other pregnant, unaccompanied minors held in such shelters. For the last seven months, the Health and Human Services Department has intervened to prevent abortions sought by girls at federally funded shelters, even in cases of rape and incest and when the teen had a way to pay for the procedure.

Garza is asking the federal court in D.C. to grant injunctive relief to keep the federal officials from blocking immigrant minors’ access to abortion, forcing them to visit pregnancy crisis centers or revealing to their parents or immigration sponsors information about their abortions decisions. She also is asking the court to award monetary damages to Jane Doe against defendants Wagner and Lloyd.

### **Unaccompanied Alien Children**

#### **Court to review ruling allowing abortion for immigrant teen** *(featuring ACF)*

An appeals court on Thursday temporarily stayed a judge's ruling that would have allowed a pregnant 17-year-old being held in a Texas facility for unaccompanied immigrant children to obtain an abortion. The U.S. Court of Appeals for the District of Columbia issued a short ruling that still allowed the teenager to be taken to a counseling meeting with the doctor who would perform the abortion. If the appeals court lifts the stay during a hearing Friday morning, the teen might still be able to have the procedure later Friday or on Saturday.

#### **Federal judge: Immigrant teen in Texas can have abortion** *(featuring ACF)*

A federal appeals court on Thursday halted a lower court judge's order one day earlier that would have allowed a pregnant undocumented teenager in U.S. custody to have an abortion in Texas. The U.S. Circuit Court of Appeals for the District of Columbia ruled the 17-year-old, which is only identified as Jane Doe, can receive abortion counseling and a sonogram -- required first steps for an abortion in Texas.

The Justice Department on Thursday appealed a D.C. district judge's ruling ordering a government-operated detention facility in Texas to let a pregnant, undocumented teen get the abortion she's been seeking. If the D.C. Circuit Court of Appeals doesn't act on the appeal, it's likely that the Central American teen, called "Jane Doe" in court papers, will undergo abortion counseling Thursday. Under Texas law, a woman must undergo such counseling 24 hours before receiving the procedure.

A day after a federal judge ruled the Trump administration must permit an undocumented teen to have an abortion while she's detained in Texas, an appeals court temporarily blocked the order and scheduled additional arguments to be heard Friday morning. In response to a federal judge's decision on Wednesday, an appeals court in Washington today temporarily halted an order that Trump officials must allow an undocumented, unaccompanied minor being detained in Texas to obtain an abortion. Texas requires all people seeking abortions to have a counseling session 24 hours before a procedure. The stay issued Thursday does not block Jane Doe from finishing that part of the process. However, it does prevent her from obtaining the abortion, her lawyers said.

**Trump's DOJ opposes abortion for an undocumented teen & it won't give up** *(featuring ACF)*

On Wednesday a federal judge ruled in favor of a teenage undocumented immigrant's right to obtain an abortion, something the Trump administration has actively tried to stop. The Health & Human Services' Office of Refugee Resettlement and the Department of Justice had taken

moves to stop the teen, who arrived from Central America and was caught crossing the U.S.-Mexico border in September, from visiting an abortion provider. That victory, however, could be short-lived as the Department of Justice has appealed the decision to the U.S. Court of Appeals for the D.C. Circuit, hoping for a stay on the decision.

This is not the first case — and I expect, will not be the last case — where an anti-abortion advocate from Washington is making very personal decisions for a pregnant immigrant who's thousands of miles away. As a family lawyer, I am familiar with coercion and abuse. The fact that the federal government proactively denied this Jane Doe access to the medical care that has been approved by the state district judge is abuse. It appears as though the Trump administration intends to detain all Jane Does until they submit to their religious opinions or agree to be deported to the violent countries they have fled.

A federal judge in Washington on Wednesday ordered the Trump administration to allow an undocumented pregnant minor at a federally funded Texas shelter to receive an abortion. Judge Tanya S. Chutkan issued an order restraining the administration from interfering with the girl's access to an abortion hours after oral arguments Wednesday. The Trump administration is seeking an emergency stay to block the order. Since March, the Trump administration has been preventing undocumented pregnant minors being held in federally funded shelters from having abortions. **Judge orders Trump administration to allow abortion for undocumented teen** *(featuring ACF)*

A federal judge on Wednesday ordered the U.S. government to allow an undocumented teenager in its custody to have an abortion, after saying she was “astounded” the Trump administration was trying to prevent the procedure. Lawyers for Attorney General Jeff Sessions signaled to U.S.

District Judge Tanya S. Chutkan in Washington that the 17-year-old did not have a constitutional right to an elective abortion in federal custody, unless it was a medical emergency. "I am astounded by that position," Chutkan said in a 40-minute hearing that was mostly consumed by a back-and-forth between the judge and Scott Stewart, a deputy assistant attorney general. She ordered the government to transport the teenager to have the procedure — or allow her guardian to transport her — "promptly and without delay."

Illegal-immigrant minors in the U.S. have an unfettered constitutional right to obtain an abortion, a federal judge ruled Wednesday, ordering both the Trump administration and Texas officials to back off and allow a 17-year-old girl being held in a government-run shelter to be taken to a clinic. District Judge Tanya S. Chutkan, who was appointed by President Obama, said during a hearing she was "astounded" that the administration was trying to hinder the girl, identified in court papers only as "J.D." "Despite the fact that she's in this country illegally, she still has constitutional rights," the judge said.

A federal judge in Washington ordered the Trump administration to allow a teen who is in the U.S. illegally and under the custody of the U.S. government to have an abortion. U.S. District Judge Tanya Chutkan, who was appointed by former President Barack Obama, said Wednesday she was "astounded" to learn that the 17-year-old girl from Mexico, who is being detained in South Texas, was not allowed to obtain the procedure. A federal judge on Wednesday ordered the Trump administration to allow a pregnant, undocumented teenager to obtain an abortion. The government, the judge wrote, must “promptly and without delay” allow the 17-year-old to be transported to an abortion provider closest to the shelter where she is being held. The judge wrote that federal officials are “restrained from interfering with or obstructing [Jane Doe’s] access to abortion counseling or an abortion.”

On Tuesday, a federal district judge had to order the Office of Refugee Resettlement to let an undocumented 17-year-old in its custody at a Texas detention facility secure an abortion — you know, the medical procedure that is allegedly protected by constitutional law up until (and sometimes beyond) the point of fetal viability. ORR had repeatedly tried to keep that from happening, and had even forced the young woman to undergo religiously based “counseling” in an effort to convince her to carry her pregnancy to term.

A day after a federal judge ruled the Trump administration must permit an undocumented teen to have an abortion while she's detained in Texas, an appeals court temporarily blocked the order and scheduled additional arguments to be heard Friday morning. The U.S. Court of Appeals on Thursday issued the administrative stay, which still allows for the teen to receive abortion counseling and a sonogram — steps legally required by Texas before a pregnancy can be terminated.

In response to a federal judge's decision on Wednesday, an appeals court in Washington today temporarily halted an order that Trump officials must allow an undocumented, unaccompanied minor being detained in Texas to obtain an abortion. Texas requires all people seeking abortions to have a counseling session 24 hours before a procedure. The stay issued Thursday does not block Jane Doe from finishing that part of the process. However, it does prevent her from obtaining the abortion, her lawyers said.

That victory, however, could be short-lived as the Department of Justice has appealed the decision to the U.S. Court of Appeals for the D.C. Circuit, hoping for a stay on the decision.

**Refugee Resettlement****Agency reduces refugee resettlement plans**

Rutland has recently received word that the number of refugees the Vermont Refugee Resettlement Program plans to resettle in the city in federal fiscal year 2018 has been reduced from 100 to 75 in a "preliminary revised plan" by the U.S. State Department. Denise Lamoureux, state refugee coordinator, sent an email Monday to leaders of community organizations in Rutland discussing the change.

**Trafficking****A 3-month-old girl was among 84 children rescued from sex traffickers**

More than 80 children, including a 3-month-old girl, were rescued in a nationwide crackdown on child sex trafficking, federal authorities said. As part of "Operation Cross Country XI," the FBI arrested 120 alleged traffickers and saved 84 children who were involved in child sex trafficking operations, the agency said in a news release Wednesday. A 3-month-old girl, the youngest of the victims, was rescued in Denver last Friday, along with a 5-year-old girl, the FBI said. Their suspected trafficker, authorities say, was a friend of the family who had offered an undercover officer sex with the girls for \$600. The average age of the rescued victims was 15 years old.

**Opinion: Teaching kids to protect themselves from human trafficking**

Because of forward thinking legislators and a governor committed to protecting our children, every student in California will learn about both sex and labor trafficking and how to avoid victimization. The Human Trafficking Prevention Education and Training Act was introduced as AB 1227 has made California a national and global leader in the fight against human trafficking.

Beginning Jan. 1, California public schools will be required to provide our school-age population with comprehensive human trafficking prevention education.

Hi,

Looks like I can share my presentation in Zoom. Just in case there are technical difficulties, I've attached it here for you. If the technology works, I'll plan to share my presentation through Zoom (vs you loading it from your end)... is that what you were thinking, too?

Should I call in at 5:30pm or 6pm?

Thank you,

Hi, Dorothy,

Is the mother not eligible for Medicaid? Most refugee families usually are. If the family is eligible for Medicaid, she should get her vaccinations billed to Medicaid.

Note that more and more refugees are getting vaccinations overseas now, so her overseas records should be reviewed -- either the hard copies the family should have or MD may need to transfer EDN record to SC -- and any vaccinations needed should given in coordination with this information.

Let us know if the mother is not eligible for Medicaid.

Thanks,  
Curi

### Unaccompanied Alien Children

Undocumented Jane Doe's abortion is bellwether to a much larger battle (featuring ACF)

The case of a Central American teenager seeking an abortion in Texas is decried as a double failure to respect the life and dignity of the unborn and the migrant. Because the ACLU was successful with the D.C. Circuit, Aden said, it found the jurisdiction that gives it the best likelihood of succeeding in its class-action lawsuit, which would likely head to the Supreme Court. Overall, the decision would have ramifications beyond the Office of Refugee Resettlement and affect state and federal correctional facilities.

### **Head of immigration shelters under fire: Says abortion policy is under review**

*(featuring ACF)*

The head of the federal government's Office of Refugee Resettlement (ORR) tells CBN News that the agency is reviewing how it cares for pregnant unaccompanied minors in its shelters. Director Scott Lloyd said "we're taking a look at our policy to see if any changes are needed." Lloyd told CBN News that he could not discuss the "Jane Doe" case but emphasized that the ORR is committed to giving unaccompanied pregnant minors in its care "all the information that she needs about what she might be contemplating and about her pregnancy." Lloyd says the agency seeks to include minors' family from their country of origin in the discussion and also emphasized that the agency is committed to insulating taxpayers "from being involved in the destruction of life." Lloyd did emphasize that minors in custody have limited access to constitutional rights. "They're in a situation where they're not in a position to exercise fully whatever rights they might have," he said.

### **Federal agency director admits to interfering in immigrants' reproductive health choices**

*(featuring ACF)*

The head of the federal agency charged with caring for unaccompanied immigrant minors has confirmed that he tries to persuade pregnant girls not to seek abortion care. While testifying at a U.S. House of Representatives subcommittee hearing on Thursday, Office of Refugee Resettlement (ORR) Director Scott Lloyd refused to answer questions about whether he visited pregnant minors in custody to persuade them to carry unwanted pregnancies. But one day later, Lloyd confirmed the reports in an exclusive interview with Eternal Word Television Network (EWTN), a Catholic television network.

### **Our view: Pregnant teens in detention centers should not be subject to hypocritical "pro-life" ideals**

*(featuring ACF)*

Lloyd's actions perfectly encapsulate the hypocrisy of an administration that claims to have women's "health and safety" in its best interest while repeatedly making life more difficult for them. It seems as though Lloyd and others like him are willing to sacrifice the health and happiness of women in order to enforce their religious doctrine, despite the separation of church and state that is a cornerstone of our democracy. The federal government should not be counseling women out of having abortions. The steps it has

taken to limit access to safe, legal procedures is indicative of a larger pattern of disrespect, which is only amplified in the cases of detained immigrants whose futures are uncertain.

**Editorial: 'Jane Doe's' courageous decision** *(featuring ACF)*

The Trump administration tried very hard this month to make an illegal immigrant have a baby against her will. For an administration that has made clear that neither immigrants nor their children are welcome, the story was a stunning example of self-righteous inhumanity. All indications are it will happen again, to other unaccompanied immigrant minors in federal custody, and that's what we — all of us — must try to stop.

*Editorial*

*Daily Hampshire Gazette, MA*

*Oct. 30, 2017*

**The government v. Jane Doe** *(featuring ACF)*

For 29 days, the federal government held a pregnant 17-year-old unaccompanied minor hostage, forbidding her to access the abortion care that she wants despite a legal order granting her permission. The Associated Press revealed that this Jane Doe case is not the first instance in which the federal government forced a pregnant minor to go to a crisis pregnancy center. These stories illuminate a larger effort by government entities, whether federal or state, to legitimize crisis pregnancy centers, or CPCs — which function primarily to dissuade people from accessing abortion care — and tout them as actual health care providers.

*Opinion*

*TribTalk/Texas Tribune, TX*

*Oct. 30, 2017*

**The Jane Doe burden** *(featuring ACF)*

"Jane Doe" has finally had her abortion. Normally, a sentence like that wouldn't be national news. However, because the federal government tried relentlessly to block the abortion, the case of the 17-year-old girl — identified as Jane Doe — quickly became a symbol of just how obstructionist the Trump administration intends to be when it comes to abortion and women's health care. What Jane Doe went through in Texas — almost being forced to continue her pregnancy against her will — could happen to minors in the vast majority of states in this country where young women are regularly deprived of their right to choose abortion.

**Texas bishops question detention of child with cerebral palsy** *(featuring ACF)*

The Catholic bishops of Texas have questioned why federal immigration agents detained a 10-year-old girl -- in the United States since she was baby -- who has cerebral palsy.

The Texas Catholic Conference of Bishops, the public policy arm of the state's bishops, said federal agents seemed to disregard their own policy in the matter. Enforcement of immigration laws "should provide punishments which are proportional to an offense," the Catholic conference statement said. "This case further highlights the urgency of comprehensive immigration reform, which the bishops have consistently supported."

The 10-year-old undocumented immigrant taken into custody directly from her hospital bed last week is being illegally detained by federal authorities, her lawyer says. Rosa Maria Hernandez remains imprisoned in a juvenile detention center in San Antonio — and her lawyers are demanding she be released by the Office of Refugee Resettlement by 3 p.m. on Tuesday, citing the "violation of her statutory and constitutional rights." Tan argues that federal agencies violated a slew of statutes and regulations in the arrest, transfer, and ongoing detention. And keeping the child from her parents is a violation of the Fifth Amendment, which guarantee due process.

**Congress should improve the child care credit to help working parents**

As lawmakers prepare to expand the popular \$1,000 child tax credit, they run the risk of overlooking the child care credit, a provision that cries out for expansion. The child care credit, also called the dependent care credit, offers tax relief for child care costs incurred by working single parents and by married couples in which both parents work. But boosting the child credit won't provide tax relief for work-related costs and it won't encourage work. Regardless of what Congress ends up doing with the child tax credit, it should preserve and improve the child care credit.

**Welfare will get a workout in this election**

The debate over the role of “welfare” seems certain to continue into this fall’s general election. While debate is healthy, we hope the candidates will avoid throwing around some common misconceptions about Maine’s TANF program. The first, which we’ve already seen, is that people get on TANF and stay there forever. The fact, according to the Maine Department of Health and Human Services, is that eligibility is reviewed each month and there are time limits. All recipients must have a plan for self-sufficiency. Nobody ever wants undeserving people to receive benefits. On the other hand, most of us see a need for temporary programs to help people in a pinch get back on their feet, especially children.

### **Head Start prevents foster care? To be decided**

The jury is decidedly out on the academic track record of Head Start, the education-oriented pre-school program for low-income families invented in the 1960s and federally proliferated in the early 1980s. Critics will point to large impact studies that show early academic gains fade by third grade. Proponents will say that those gains would stick if the students ended up in better public schools. But *Youth Services Insider* had never seen Head Start mentioned as a possible preventer of foster care, until a recent study authored by Sacha Klein, Lauren Fries and Mary Emmons. But a read of the study's details shows that we are far from certifying that connection.

When it comes to serving an ever-changing population such as refugees, resettlement agencies have found it's necessary to constantly reassess their needs. 3. I am correct I think that the third bullet was quality assurance but in different terms.

Once we get a good idea of how we want to use the information then we can go about creating a process flow for receiving in this information, disseminating this regularly, and then following up.

I will suggest we ask Alexis to join our call today to find out how this information is gathered and answer any additional questions some of you might have.

(b)(6) and (b)(6).

This youth (b)(6) should not be transferred until DHUC clears him of (b)(6) (b)(6), which we cannot do on the basis of his (b)(6).

The two options for getting more information about the (b)(6) (b)(6) and let him or her know that we need an amended report, with clarification about the (b)(6) —and (2) repeat the (b)(6) studies, with two views as requested by Dr. Bartholomew. From a medical perspective, the second option is preferred, but it has to be put into the larger picture of the security concerns that you stated.

The result of the (b)(6) test will help in deciding on the medical diagnosis. Please upload the result in the Portal and let us know as soon as it is available.

Meanwhile, out of an abundance of caution, please keep this youth in a separate room, out of the general population, and have him wear a plain (surgical) paper mask when he has to be moved outside of his room.

Please call to discuss additional concerns or to relay information as it comes in.

Thank you.

This email serves to confirm that this UC is being submitted for immediate transfer due to him being a risk to others and severe flight risk. He will go to a different ORR placement with higher security where he can continue medical procedures.

Good Morning :

This UC was scheduled to repeat (b)(6), (b)(6) last night, but appointment was cancelled by Director of Residential on the assumption UC may abscond. UC is being transferred to another facility.

Once the labs are received, we will update and upload in the portal.

The radiologist reported (b)(6). There is a well- defined (b)(6). Recommendation is a (b)(6).

This (b)(6) reported to be generally healthy.

(b)(6) is pending.

Assessment and plan:

More information is needed to make recommendations.

1. Please arrange for a (b)(6) and ask the radiologist to compare both studies. Additionally, ask the radiologist to report calcification status of the (b)(6).
2. Please ensure the patient's (b)(6) result is entered into the portal when available.
3. Please correct the vitals... (b)(6) is inaccurate.
4. Please email DHUC when complete.

I am adding Dr. Jereb for any additional guidance.

Good afternoon FOJC (b)(6);(b)(7)(C);R

As the FFS assigned to (b)(6) staff secure in Chicago, please be advised that I contacted Chicago ICE/Supervisor (b)(6);(b)(7)(C);Re today regarding significant security and safety concerns for your prior referral to ORR (from the 9/1 email below).

I've attached a photo of a weapon/knife located in UAC's personal belongings (inside his boxing glove) for your review.... Thankfully the facility staff reviewed minor's belongings first, after he requested to look at his belongings, so that staff located the weapon in time and were able to safely store the weapon in their SAFE, avoiding any major concerns. However, minor has shown physical aggression, has history of gang sign doodling (not currently) and with this new SIR- is on my radar- in consultation with FFS Supervisors, for potential step up transfer to a SECURE facility if needed.

However, as the minor was picked up from an adult detention facility in NY, was in DHS custody, then likely travelled from NY to Chicago via airplane, it is unclear and concerning how he could have travelled here with this TYPE of weapon in his personal belongings? Per my follow-up with Supervisor (b)(6);(b)(7)(C) today via phone, it appears that Chicago ICE/FOJC were not involved with UAC's physical placement at our facility, unless NY requested assistance from Chicago, and this wasn't noted in the referral?

Either, I wanted to be sure you and Supervisor (b)(6);(b)(7)(C) were advised of these security/safety concerns!

\*\*Copying FFS Supervisor, Senior FFS Supervisor- FYSA

Thank you IYC team.

Has Heartland advised DHS about the switchblade located in UAC's boxing glove? And what documents were hidden and how were they hidden inside the sweatshirt? Given all the other concerns noted by IYC team- including age determination concerns and other behavioral SIRS for physical aggression to other UAC, we will maintain enhanced communication on his progress at the facility.

Hi,

Please contact Help Desk to delete all the Medical Complaints entered for  
 Pregnancy/pregnancy-related, and the Well-child visit related to pregnancy. Add all of them as  
 Update Visits under the Initial Medical Exam, where the Pregnancy/pregnancy-related diagnosis  
 was captured.  
 Childbirth was entered correctly.

Here you go Toby. I tried to keep my assignment general and concise. After talking to several FFS we agreed that contact with a UC in DHS custody would most likely occur during the DHS referral stage of placement into ORR care.

I added my contribution to the same procedure that Jose provided. Let me know if you need anything else.

For these assignments PLEASE do not just copy and paste information from the Policy Guide or Procedure Guide. Please SUMMARIZE those policies and procedures and enter them into your portion of the outline. Most of these are pretty straightforward. If you have any questions, please contact me directly. **Let's shoot to have drafts to me next Friday, March 3<sup>rd</sup>.**

All:

I just wanted to pass along the latest “topic area” for the next part of the JCO outline. This section is “Care” of UC.

Also I wanted to welcome Emma to our group, she’ll be filling in for Brenda and Stacy both of who traitorously left ORR. If you think we’re missing anything let me know. I’m going to pass this back to DHS this week and we’ll get assignments and the outline template out for drafting then as well.

Let me know if you have any questions.

Thanks!

Hi Jessie,

We should discuss this more when David returns next week. In the mean time we need to look more into the follow:

- “The order requests that the court be notified of UC’s release and they will hold an emergency hearing to discuss his release conditions such as curfew and ankle monitor. On (b)(6);(b)(7)(C), UAC (b)(6);(b)(7)(A) had his disposition court hearing today and the judge ordered to place (b)(6);(b)(7)(C) in the custody of the MD Dept of Juvenile Services for evaluation/treatment. According to Officer (b)(6);(b)(7)(C), his treatment could take two weeks and the minor has another hearing on (b)(6);(b)(7)(C). UC was discharge from ORR on (b)(6);(b)(7)(C). UC completed his evaluation on (b)(6);(b)(7)(C) and he had court on (b)(6);(b)(7)(C) and he was released from state custody and went back to ICE custody and placed in ORR custody on (b)(6);(b)(7)(C).”

**Importance:** High

Good Evening Jose,

I have a few questions regarding this high profile case. This minor was discharged on (b)(6);(b)(7)(A);(b)(7)(C) to Maryland Dept. Juvenile Services for evaluation and possible treatment; however, he has returned to ORR care (SVJC) (b)(6);(b)(7)(A);(b)(7)(C). Before his discharge, his reunification case (CAT 2 (b)(6);(b)(7)(C)) was towards the end of process. We received the HS report the same day he was discharge from ORR. My questions are:

(b)(5)

Here's a case summary on the case.

UC is a 17 year old male (DOB (b)(6);(b)(7)(A);(b)(7)(C)) from El Salvador. UC was previously in ORR care at SWK Casa Kokopelli. UC was placed in care on (b)(6);(b)(7)(A);(b)(7)(C) and reunified to his maternal uncle on (b)(6);(b)(7)(A);(b)(7)(C). UC arrived to SVJC on (b)(6);(b)(7)(A);(b)(7)(C) and was discharged on (b)(6);(b)(7)(A);(b)(7)(C). He was placed in ORR care again on (b)(6);(b)(7)(A);(b)(7)(C).

- **CRIMINAL:** On (b)(6);(b)(7)(A);(b)(7)(C) UC was charged and arrested for allegedly (b)(6);(b)(7)(A);(b)(7)(C) (b)(6);(b)(7)(A);(b)(7)(C)

(b)(6);(b)(7)(A);(b)(7)(C)

On (b)(6);(b)(7)(A);(b)(7)(C) UC returned to ORR care and is pending a disposition on the new charges. Criminal court on (b)(6);(b)(7)(A);(b)(7)(C) in (b)(6);(b)(7)(A);(b)(7)(C) MD. Court on (b)(6);(b)(7)(A);(b)(7)(C) was continued to (b)(6);(b)(7)(A);(b)(7)(C). Per UC's (b)(6);(b)(7)(A);(b)(7)(C) it appeared the prosecutors attempted to charge UC as an adult. They want to UC to plead guilty for one charge and they will drop the other. UC's (b)(6);(b)(7)(A);(b)(7)(C) court was cancelled and the matter will be heard on (b)(6);(b)(7)(A);(b)(7)(C) at 09:30AM. On (b)(6);(b)(7)(A);(b)(7)(C) UC's sentence will be delayed until UC is back in MD and in his sponsor's care. Per UC's

criminal attorney, the minor pleaded (b)(6);(b)(7)(A);(b)(7)(C) in one charge and the remaining were dropped. UC is scheduled for court on (b)(6);(b)(7)(C) at 11:30am. In addition, he reported that in cases like these it is required that UC have a (b)(6) evaluation completed. Therefore they would like for him to be released so they could have the evaluation completed in MD. The order requests that the court be notified of UC's release and they will hold an emergency hearing to discuss his release conditions such as curfew and ankle monitor. On (b)(6);(b)(7)(C), UAC (b)(6);(b)(7)(A) had his disposition court hearing today and the judge ordered to place (b)(6);(b)(7)(A) in the custody of the MD Dept of Juvenile Services for evaluation/treatment. According to Officer (b)(6);(b)(7)(C) his treatment could take two weeks and the minor has another hearing on (b)(6);(b)(7)(C) UC was discharge from ORR on (b)(6);(b)(7)(A);(b)(7)(C) UC completed his evaluation on (b)(6);(b)(7)(C) and he had court on (b)(6);(b)(7)(A);(b)(7)(C) and he was released from state custody and went back to ICE custody and placed in ORR custody on (b)(6);(b)(7)(A);(b)(7)(C).

LEGAL: UC is currently working on an SIJ case with a private immigration attorney. Retainer obtained on (b)(6);(b)(7)(C) G-28 Pending. SIJ application has not been submitted at this time. UC's immigration attorney reported that on (b)(6);(b)(7)(A);(b)(7)(C) his immigration court venue was changed to Arlington, VA and that he had placed a motion for custody determination/bond. Bond was denied on (b)(6);(b)(7)(C). MCH on (b)(6);(b)(7)(A);(b)(7)(C) UC's immigration attorney is working on UC's asylum application and is planning on filing it in mid-August.

REUNIFICATION: UC's (b)(6);(b)(7)(A);(b)(7)(C) is interested in re-sponsoring. FFS verbally approved a psychological evaluation on 05/23/17. On 06/02/17, FFS provided the approval to proceed with RU with UC's uncle in MD. FRP packet sent on 06/02/17. Fingerprint appointment scheduled for (b)(6) Clear fingerprints received on 06/20/17 for IDCG and on 06/21/17 for the sponsor and (b)(6);(b)(7)(A);(b)(7)(C) Psychological evaluation with Dr. (b)(6) on (b)(6) results received on (b)(6) Original (b)(6) Checks submitted on 06/27/17; initiated on 06/28/17; pending results. Sponsor attended LOPC meeting on 07/18/17. HS recommendation submitted on 08/01/17 recommending a DISCRETIONARY HS. TRP approval on 08/02/17. FFS approval received and HS referred on 08/03/17. Home visit scheduled for 08/08/17. UC interview is scheduled for 08/09/17. HS report received on 08/16/17.

Please note that I'm adding Jim as ORR HQ would like to be updated on this case.

Good Morning Jessie,

The minor is back in care. Please advise how to proceed, as we would like to continue with safety planning. Please note, there have not been any changes to the sponsor or minor since his release.

In addition, I was contacted by UC's uncle yesterday for an update. At this time, the

(b)(6);(b)(7)(C) also reported that two police/ICE officers (b)(5);(b)(6);(b)(7)(A);(b)(7)(C); Referred to DHS

(b)(5);(b)(7)(C)

If you have any questions or need additional information, please feel free to contact me at any time.

Thank you,

<b>Type:</b>	Note

Hi Griselda called me about this earlier and I replied verbally.

For documentation purposes I informed (b)(6) that she should proceed. I understand that the attorney assisted with the judicial by pass and that (b)(6) consented to the help from the attorney. That being the case (b)(6) has expressed her consent so she should be allowed to visit with her legal representative. Also note that the G-28 or E-28 is filed for immigration court related issues. Those forms would not apply to a state/county issue.

Griselda,

The attorney that represented (b)(6);(b)(7)(C) for the Judicial Bypass advised the program that she will be coming to the shelter to speak with the UC in approximately an hour. We do not have a G-28 on file. I would like to make certain that it is all right that she speak to Yessenia. The attorney's information is below, please advise.

Hi Mr. Dela Cruz,

The Pay Advocate team will need the following in addition to the debt waiver request form:

Debt Notification Letter from DFAS (If applicable)  
LES during the debt period.  
SF50's related to the debt.  
Communication trail (emails, etc.)  
Any other pertinent documents related to the debt.

Thanks,

Hello Ms. Gervo,

Thank you for your communication about the resolution of Ms. (b)(6) pay. Please let Teresa and I know what the final resolution will be in regards to the waiver request that Ms. (b)(6) submitted after it was learned she was overpaid and was then asked to submit reimbursement to payroll. At that time in February, the NTEU was representing Ms. (b)(6). A grievance was pending which was then held in abeyance until a decision about approving the waiver is made.

When the decision to approve or not approve the waiver is made I will let the appropriate LER know so that she can respond to the pending grievance accordingly.

Thank you!

Hello,

And adding Rosalind Fortune to the message.

Here is a brief time line that addresses your question below: In January the pay issue was elevated to Ms. Fortune. She sent Ms. (b)(6) the correct form to submit the request to waive the funds. Ms. (b)(6) submitted the corrected form on February 17 and copied Teresa and I. I should now ask Ms. Fortune if she ever received the corrected form.

Good afternoon,

I have a request from the National Treasury Employees' Union (NTEU) asking for us to provide them with an answer on a matter related to one of your employees, (b)(6)

Would you please confirm if on February 17, 2017, you received a request for a debt repayment waiver on Ms. (b)(6)? If so, where and to whom was the request forwarded to? If you have any questions, please feel free to contact me.

Hi Michelle, the memo would best be provided by the source that informed you the procedure was approved.

I do have a thought that might help provide perspective. If the procedure was judicial by pass related then the signed judges order would serve as the procedures approval. If ORR funds were used then the ORR medical team should provide the funds approval form.

Was the case judicial by pass related and did ORR pay for the procedure?

Hello Jim,

Would you all happen to have the official abortion approval memo for this minor listed? I did received the email stating that it was approved in June of 2016, but we never received the memo with the official signature.

Due to the heightened medical procedures, the program is asking for the official memo for their records.

Please let me know if we should be requesting this elsewhere. .

Thank you!

Good Morning Michelle,

back in June 28, 2016, you sent Casa Quetzal an approved memo for an abortion request from one of our minors. I am seeing the memo, but it is not signed by ORR.

Would you happen to have the signed memo?

**Subject:** Sad news regarding prior UC from CHAP

Good evening team,

Unfortunately, I am sharing some very sad news... regarding a new murder victim ("(b)(6)") noted in first link below. She was a prior UC from CHAP (b)(6), such a beautiful child  
☹....

I approved her release (at age 12) to her mother in 3/2013. Family recently moved from NY to Houston... As of last Friday 3/3, Houston law enforcement initially released a photo of her deceased face with rings she wore, requesting assistance with identification. Per recent media reports, she was identified by her mother. There are many more links/info per google search, I only selected a few...

Please note as is to be expected... the articles and videos are of a disturbing in nature....

First one is ACF media clip from 3/3: \_

<http://abc13.com/news/mother-says-girl-killed-in-satanic-ritual-is-her-daughter/1783917/>

I have relayed this information to Susan Trudeau via phone today and to Assoc. Director Esmeralda Zavala via phone today as well. We've agreed that I will only send email notification to Susan and Esmeralda, so they can relay information to CHAP staff with discretion. I will also be going to facility tomorrow for site visit to meet with CHAP team.

Thank you ☺,

Hi Teresa ,

HHS has identified a set of providers close to each shelter program that is approved to provide counseling to UAC requesting information on pregnancy termination. Senior Management has instructed us to have programs use these providers. This set of providers in two spreadsheets are from the Partnership Center, so this is the first of them attached here; will send the other momentarily. For the IES case or others, we are supposed to have them see these service providers. Please let me know if there are any questions.

---

Hello Care Provider Programs,

This is a reminder of a the necessity for ORR to be notified and provide approval for heightened medical procedures. Please provide this guidance to your medical coordinators or any staff dealing with UC medical issues/concerns. There is a form that is to be submitted to ORR medical team for such procedures. I have attached it here.

Please note that for UC who are requesting a termination of pregnancy, this is a heightened medical procedure that requires the approval of the ORR director. Arizona law does require parental consent and there is a process through court if parental consent cannot be obtained. Please note this is NOT ORR consent as guardian, but biological parental consent.

Thank you,

Debra LaGrow Thomas

Yes I sent to all my programs. We currently have one medical case going but it has received approval already; it is not pregnancy/abortion but rather

minor with facial tumors. I also sent to programs I am covering for other FFS.

Thank you.

Hello FFS,

It is important that you take immediate steps to ensure that all of your assigned programs received the email sent by the ORR Acting Director last Friday evening. The email and attachment was provided to our network provider administrators with the intent that case managers, clinicians, and care provider medical staff receive the same information.

Please confirm in writing\email that your assigned shelter case managers, clinicians, and care provider medical staff received the message and that they also understand the attached memo. If they have any questions they should let you and your supervisor know so that their questions can be answered.

I am copying the Project Officers with the request that they also follow up with assigned shelter administrators to ensure that they received the email and attachment.

If they or you know of any applicable medical procedures pending authorization immediately inform your supervisor.

Thank you for your assistance in this request.

Dear Colleagues,

I am writing to reinforce the importance of ORR policies and procedures related to Heightened Medical Procedures, including “significant medical or surgical procedures, abortions, and services that may threaten the life of a UAC.”

Per the policy, “Grantees are prohibited from taking any actions in these cases without direction and approval from ORR.” Approval for such procedures would be provided in the form of a signed authorization from the Director of ORR. To restate and reinforce the existing policy, ***grantees may not perform Heightened Medical Procedures without written authorization from the ORR Director***, except in emergency medical situations (as described in Emergency Medical Services, 3.05). Grantees should not conduct procedures, or take any steps that facilitate future procedures such as scheduling appointments, transportation, or other arrangements without signed written authorization from the ORR Director. Note that the requirement for written authorization by the ORR Director applies whether the procedure will be paid for with Federal funds or by other means.

In your role, please ensure close adherence and understanding of the policy. It is important that your discussions or correspondence in no way confer or imply approval. Approval can only be authorized by the ORR Director in writing.

The policy on Heightened Medical Procedures is attached. If there are questions or concerns, please do not hesitate to write.

Sincerely,

Ken Tota

Acting Director

I see that the girl is pending. Does that mean that Intakes has contacted the program to see if they will accept her?

Team heads up. This (b)(6) year old is currently at (b)(6) Hospital and will be released tomorrow according to Laredo CBP Supervisor (b)(6).  
I have attached the social media post that states that a nationally syndicated show "Piolin" is also involved. the Piolin Show is a popular talk show host so there is media involved.  
Corpus Christi Bokenkamp or San Antonio BCFS SAC. According to BCFS Director they may need to request a variance to accept UAC into program. She is on the phone calling licensing now to confirm.

As promised,

Here are the other providers approved by HHS that, according to Senior Management, we are to have programs use for providing counseling re options to UAC requesting information on termination of pregnancy.

Please also distribute these attachments, and the one from the previous email, to your local care providers including case managers, clinicians, and medical staff.

If you have any question please get with you FFS Supervisor.

Hi Elicia,

I reread your summary and support your decision to release this UC to his uncle. Please be prepared to elevate this case to Jonathan tomorrow. I do want to give him a heads up first when I get in to the office tomorrow morning.

 Subject: (b)(6) has been granted asylum

Good afternoon Elicia and Ivonne,

I'm writing with the excellent news that (b)(6) (A (b)(6)) was granted asylum as of 3/6/17. We only found out on Monday 3/20/17 and I received his approval notice today. (b)(6) has his notice and I-94 and will give it to him when she sees him tomorrow at BCFS Fairfield. (b)(6) is no longer an unaccompanied child as he has legal status and his removal proceedings were terminated on 3/20/17. ORR thus no longer has a legal basis for custody of (b)(6) and must release him. I'm attaching scans of his approval notice, his I-94, and the judge's order terminating proceedings. (b)(6) has family in California with whom he wishes to live. He turns 18 on (b)(6). At this time we are advocating that he be released to his family as quickly as possible. (b)(6) and I welcome a conversation with ORR and BCFS to plan for his prompt transition out of custody.

Regards,

 2017

Hi (b)(6)

In regards to the new UAC ((b)(6)), XXX-XXX-(b)(6) wanting to terminate her pregnancy (I think that she is (b)(6)) please send a status update in regards to:

1. UAC request to terminate her pregnancy.

UAC has (b)(6)  
 (b)(6). On both occasions minor was (b)(6)  
 (b)(6)  
 (b)(6)

2. Any appointments so far scheduled for this UAC.

UAC initial OBGYN appointment with Dr. (b)(6) is scheduled for (b)(6). The initial appointment is standard procedure, as pregnancy must be confirmed by OBGYN, at this time pregnancy has not been confirmed by OBGYN. Please note, Dr. (b)(6) is the OBGYN for all pregnant females in-care across IES programs. Care provider will not share minor's request with OBGYN unless otherwise directed to do so by ORR. However, it is our understanding that UAC may chose to inform the provider and care provider will not interfere if UAC so chooses to inform the physician. Care provider will be sure to provide detailed summary of initial OBGYN visit to ORR.

3. If no appointments are scheduled are any proposed and where?

Please see response to #2

4. Also any questions, requests that the UAC might have regarding any aspect of her request to terminate.

Although, UAC has made two separate statements indicating she wishes to (b)(6)  
 (b)(6). Care provider staff (clinical or medical) have not directly addressed or assessed those remarks by UAC. Care provider response to UAC has been supportive, however, clinical and medical staff will not engage in any sort of "options counseling" unless otherwise authorized to do so. Basically, staff listen, validate UACs statements and assist her in coping with her current situation, staff also reassure UAC that her statements/request will be routed accordingly on her behalf. Please note that since care provider elevated UACs remarks to ORR HQ and received guidance from ORR Director on how to proceed, we are currently fulfilling step one, which was to follow through with OBGYN appointment to confirm pregnancy. Care provider Clinician and Medical Coordinator are collaborating in order to prepare UAC for her visit to OBGYN, this session will solely consist of informing UAC what will occur during initial OBGYN appointment. In addition, we will also be sure to encourage her to communicate with her mother in home country and explain that once pregnancy is officially confirmed by OBGYN she would need to inform her mother or care provider may inform her mother on her behalf. At this point UAC has voiced that she does not wish to inform her family, not her mother or her sponsor (brother-in-law). As of yesterday, care provider has not received FRA or supporting documents, it is also our understanding that (b)(6)

(b)(6)

Please let me know if you have any addiitonal questions, I will gladly assist, thank you.

Can we get this by noon in DC?

Hi Jessie,

I included a few bullets to include in your memo. See the comment. Also please remember to flag this case that the UAC is aging out soon. (Send an extra email to Jonathan and copy Laura and me when you elevate that the case is now on SharePoint.

Good Evening,

I would like to elevate this Post HS release recommendation for UC (b)(6). The minor is placed at SVJC Secure. Attached is the Memo for Release Review Request. Please note that this minor has a bond hearing on 11/15/17 and will be aging out on 11/18/2017.

Additionally, he was previously subpoena to testify for another case next week; however, today we learned that this case was dismissed/closed. He is no longer needed to testify.

Please note that I need to submit this case in SharePoint for the workflow to start after your approval. Let me know if you have any questions.

Hi AnnaMarie,

This incident has probably already been elevated, but I wanted to flag it because it's particularly egregious. A 7 year old UC reported that two UCs, both 12 years old, (b)(6)

(b)(6)

The UCs were placed together in a foster home with Bethany TFC. The victim was referred by law enforcement to the Children's Assessment Center, where they completed a forensic exam. The incident was reported to CPS, licensing, local law enforcement and the FBI.

Good Morning,

I'd like to provide the following brief update,

Please be advised, that I made contact with UAC's brother, (b)(6) (unverified at this moment as proof of relationship is pending). Minor's brother, (b)(6) reiterated he intends on providing a fax number for care provider to forward FRA. According to (b)(6) he does not know his physical address, but understands that his mother reported he was in (b)(6), however, he wished to correct that information and reported he resides and works in "(b)(6)". In addition, (b)(6) stated

he has a DIP (Documento de Identificacion Personal) from his home country of (b)(6). According to minor's brother he resides alone, he denies any other household members at this point, however he states it is very difficult for him to contact care provider

and be available to complete sponsor assessment because he works 6 days out of the week from 9am-8pm. He assured Program Director that he would text fax number and physical address this evening. I will follow up with minor's brother the evening of 10/21/17

to further discuss reunification process as due to time constraints minor's brother was not able to remain on phone call. Please note, on 10/18 assigned Case Manager received via email from minor's mother in home country a copy of minor's birth certificate

and a copy of brother's DIP (GU Identification card), minor's mother stated she would work diligently on obtaining her son's (minor's brother's) birth certificate. Case Manager will reach out to minor's mother today, 10/21 in order to follow-up with request for brother's birth certificate so that formal proof of relationship may be established (all previously documents received to date have been uploaded to portal). According to assigned Case Manager (b)(6) she has only been able to make contact with minor's

brother on two brief occasions, the longest contact was established on 10/18 and lasted approximately 20 minutes at which time Case Manager discussed family reunification process, fingerprint requirements, and probably home study. According to assigned Case

Manager, minor's brother reported he did not know his physical address and shared that he was apprehensive about fingerprints and home study, but nonetheless he agreed to partake and complete all reunification requirements.

Please let me know if you have any questions or concerns regarding the update provided, I will gladly be of assistance, thank you.

Hi Teresa and (b)(6)

Please find a summary of our call.

Let's see what the brother or the person(s) with whom the brother is staying will do to comply with ORR reunification procedures. We can proceed to learn what the brother says about sponsorship.

(b)(5)

To do this we should ask the brother about what documents he has to show proof of address, ID, and relationship. We also need to know if he has any criminal charges and if he believes that others in the household will allow for public record checks or fingerprint check if necessary. Last, will he be willing to proceed to provide all these things on Tuesday? If he is lacking documents etc then on we can ask the (b)(6) consulate to assist on Tuesday. Tuesday is the target day to proceed if approval is provided from ORR Senior Management.

**Importance:** High

Good Afternoon Alex,

This is to notify everyone involved of the actions to be taken to complete a step-down transfer of the above listed minor from Yolo County Juvenile Detention to BCFS Fairfield Staff Secure. Transfer request has been completed by the program and CC has entered recommendation. TR is waiting FFS approval in UAC Portal. Below are the actions to complete going forward.

**Initiating FFS– Alex Sanchez:**

Approve transfer request.

**Initiating Program – Yolo Juvenile Detention Center:**

Coordinate logistics with receiving program to transfer UAC. Provide transfer notifications to the following entities (as applicable for individual UAC): DHS, Legal Service Provider, Child Advocate, and FFS.

**Receiving Program – BCFS Fairfield Staff Secure:**

Coordinate with initiating program to transfer UAC.

**Subject:** Transfer request for UAC (b)(6) A# (b)(6) email 1)

The Yolo Secure team is respectfully submitting a transfer request for consideration of the above named UAC for placement at a Staff Secure facility. All information required for this referral has been uploaded on the portal and is attached for review.

**Placement:**

UAC (b)(6) is a (b)(6) year old native of (b)(6). UAC was placed at Yolo Secure on (b)(6) as a step up transfer from Heartland International Youth Center for reportedly being associated with a transnational criminal organizations/cartel, reporting having a history of drug trafficking and being considered a flight risk per DHS. Per IYC, UAC had self-reported history of criminal activity in COO and working for (b)(6). (b)(6) UAC was reported to be guarded, not compliant with counseling, but was reported to have good behavior at IYC. UAC was reported to be in the reunification process with a CAT. 1 sponsor and was pending a 2<sup>nd</sup> home study following a negative home study report.

**Behavior:**

During his placement at Yolo, UAC (b)(6) has demonstrated a cooperative and friendly demeanor. He has adjusted well to the structured environment and participates in all programmatic activities without any issues. UAC engages well in individual sessions with his Clinician and Case Manager and has been open to discuss the reason for his transfer. UAC reported that the self-disclosed cartel involvement and drug trafficking was due to being coerced and threatened by cartel members in COO. UAC (b)(6) has been observed by staff as well as Case Managers and Clinicians to interact well with his peers without any issue. Staff have reported he participates in all programmatic activities and school without any issue. UAC (b)(6) has achieved the highest behavioral level throughout the majority of his time at Yolo due to his cooperative and positive behavior. UAC (b)(6) has received several SIRs during his placement at Yolo for the following;

8/12/17 - Youth engaged in inciting behavior and were slow to follow staff directives.  
 8/22/17 - UAC engaged in argumentative behavior towards peer.  
 8/29/17 - Youth engaged in defiant and disruptive behavior, creating excessive noise.  
 9/16/17 - Youth demonstrated defiant and disrespectful behaviors.

**Reunification/ Family:**

UAC's current case plan is reunification with a CAT. 1 sponsor, his father who resides in (b)(6). Prior to his transfer to Yolo, it was reported that a home study addendum was pending and the family was expecting a second home visit to ensure concerns outlined in the initial report were mitigated. Shortly after his placement, contact was made with the previous program for an update on the status of his case and home study

addendum. It appeared as information was miscommunicated with the family as the previous case manager had departed the program. After further communication with the previous program and the family, all pending information was provided and with the support of FFS, a home study addendum was requested on 9/20/17 and was accepted by the home study provider and caseworker who completed the initial home study. On 10/3/17, the home visit was completed with the sponsor to assess the home and to determine if all concerns had been mitigated. The home study addendum report was received with a positive recommendation and in support of reunification with his father. On 10/13/17 the Yolo team submitted a post home study addendum recommendation for release to the proposed sponsor with post release services. Case Coordinator concurred with our recommendation and as of today, FFS response and final ORR decision is pending.

#### Criminal/ Legal:

Per transfer referral from Heartland International Youth Center, UAC was reported to being associated with a transnational criminal organizations/cartel, reporting having a history of drug trafficking and being considered a flight risk by DHS. Additionally, it was reported that UAC had self-reported history of criminal activity in COO and working for (b)(6). While in care at Yolo, youth has denied any gang or cartel association and reported he was coerced and threatened by cartel members. Youth reported he had been approached by a friend to assist in being a foot guide to earn extra money and was unaware he would be transporting drugs. Youth reported when the package was lost, he was threatened by cartel members and agreed to return to the U.S. to find the package. Youth reported he used that opportunity to flee his COO. These disclosures were documented while at previous placement and OTIP referral submitted on his behalf. Per the OTIP office, they found the information provided did not indicate that the youth was a potential victim of trafficking therefore is not eligible for benefits. Due to the documented disclosures, an Interpol check was submitted on 8/18/17 with negative results received per FFS. An OYAS re-entry tool was completed on 10/5/17 and youth scored a 5 (low risk to re-offend) with many strengths. During his time at Yolo, UAC has not displayed any behavior indicative of gang or cartel affiliation.

While in care at Yolo, UAC (b)(6) has been working with Legal Services for Children on his legal relief options. A legal screening was completed and UAC was found eligible for Asylum. Per Legal Services for Children, they have not submitted an application for his case as they anticipate he would be transferred out of care.

UAC is currently not scheduled for a court hearing.

#### Medical/Mental Health:

Youth is a (b)(6)-year-old (DOB (b)(6)), single young man from (b)(6). Youth reported that his mother and father separated when he was younger. Youth reported his father lives in (b)(6) whereas his mother lives in (b)(6). Youth reported that he grew up with his mother and although parents separated, his father has always been present in his life and has given him a lot of support. Youth reported that he has 1 siblings, (b)(6) brothers and (b)(6) sister and reported getting along very well with them.

Youth denied a history of abuse. Youth described his day-today life in home country as follow: he would go to the park and play soccer with friend and would have fun. He attended school until 10th grade. Youth reported no known allergies. Youth denied any history of suicidal or homicidal ideation/gestures/or attempts. Youth did not report a history of hallucinations or delusions.

While at Yolo Secure, youth has been receptive towards individual and group therapy sessions. Individual sessions have focused on building rapport with the youth, processing youth's transfer and adjustment to secure setting, processing behavioral incidents and situational stressors, and learning/reviewing effective coping skills to self-regulate emotions and behaviors appropriately. Also, sessions included learning/reviewing Dialectical Behavior Therapy (DBT) skills of emotion regulation, and distress tolerance, in order to help youth, gain behavioral control and reduce emotional vulnerabilities. Additionally, sessions focused on developing and reviewing youth's safety plan with the youth and his sponsor. The safety plan included strategies/interventions that the youth can utilize if he is in a position of high risk. Also, information about the sponsor's house rules, youth's bedtime/curfew, and effective coping skills youth can utilize to self-regulate his emotions and behaviors appropriately, are included in the plan. Also, included are the youth's personal goals, gang prevention information, and a list of identified supportive people the youth can contact if he is struggling, needs support, or is in an emergency situation. Also, the safety plan includes a list of local community resources, and national support telephone number that can provide additional support to the youth and his family.

In addition, youth participated in Cognitive Behavioral Intervention for Substance Abuse (CBI-SA) group for avoiding substance abuse. Youth learned self-control strategies; pro-social skills; and problem solving skills for avoiding substance abuse. Youth participated well, and got along well with group members.

Youth was referred to (b)(6) due to experiencing some (b)(6) difficulties. Youth was assessed by (b)(6) (b)(6), (b)(6) on 08/24/17, and was provided with a diagnosis of (b)(6) with mild (b)(6). Youth was prescribed with (b)(6) to help improve (b)(6). On 09/29/17 youth was seen by Dr. (b)(6) (b)(6) for a psychiatric follow up appointment. Youth reported that he had decreased sleep despite use of (b)(6) medication. Dr. (b)(6) renewed youth's (b)(6) medication and added a sleep aid ((b)(6)), in order to help improved youth's (b)(6). No signs of psychosis or cognitive impairments were noted during the sessions. Youth is taking his medication as prescribed and he has reported improvements with his (b)(6).

Currently, the youth is adjusting well to Yolo Secure. Youth is regulating his emotions and behaviors appropriately, following program rules/structure, and is receptive to counseling services. Youth is socializing well with his peers and is receptive to staff. Youth is expressing and communicating his needs appropriately, and is motivated to continue engaging in safe and positive behaviors.

Plan:

In conclusion, UAC (b)(6) has demonstrated that he is capable of adhering to structured rules and program expectations. UAC is motivated and eager to complete the reunification process with his father. Additionally, UAC has not demonstrated any concerning behaviors or behaviors indicative of gang or cartel affiliation while in care at Yolo. Per ORR policy, Yolo Secure has determined that this youth is no longer appropriately placed and should be transferred to placement in a less restrictive setting.

Thank you,

Hi Alex,

Please find out when this UAC can be physically transferred. Once that occurs let Ray know so that we can proceed to get the pending placement on reserve for Yolo.

Intakes – where is the pending UAC at this time? Phoenix?

Good Afternoon Alex,

This is to notify everyone involved of the actions to be taken to complete a step-down transfer of the above listed minor from Yolo County Juvenile Detention to BCFS Fairfield Staff Secure. Transfer request has been completed by the program and CC has entered recommendation. TR is waiting FFS approval in UAC Portal. Below are the actions to complete going forward.

**Initiating FFS– Alex Sanchez:**

Approve transfer request.

**Initiating Program – Yolo Juvenile Detention Center:**

Coordinate logistics with receiving program to transfer UAC. Provide transfer notifications to the following entities (as applicable for individual UAC): DHS, Legal Service Provider, Child Advocate, and FFS.

**Receiving Program – BCFS Fairfield Staff Secure:**

Coordinate with initiating program to transfer UAC.

Youth reported that he has (b)(6) siblings, (b)(6) brothers and one sister and reported getting along very well with them. Youth denied a history of abuse. Youth described his day-today life in home country as follow: he would go to the park and play soccer with friend and would have fun. He attended school until 10th grade. Youth reported no known allergies. Youth denied any history of suicidal or homicidal ideation/gestures/or attempts. Youth did not report a history of hallucinations or delusions.

While at Yolo Secure, youth has been receptive towards individual and group therapy sessions. Individual sessions have focused on building rapport with the youth, processing youth's transfer and adjustment to secure setting, processing behavioral incidents and situational stressors, and learning/reviewing effective coping skills to self-regulate emotions and behaviors appropriately. Also, sessions included learning/reviewing Dialectical Behavior Therapy (DBT) skills of emotion regulation, and distress tolerance, in order to help youth, gain behavioral control and reduce emotional vulnerabilities. Additionally, sessions focused on developing and reviewing youth's safety plan with the youth and his sponsor. The safety plan included strategies/interventions that the youth can utilize if he is in a position of high risk. Also, information about the sponsor's house rules, youth's bedtime/curfew, and effective coping skills youth can utilize to self-regulate his emotions and behaviors appropriately, are included in the plan. Also, included are the youth's personal goals, gang prevention information, and a list of identified supportive people the youth can contact if he is struggling, needs support, or is in an emergency situation. Also, the safety plan includes a list of local community resources, and national support telephone number that can provide additional support to the youth and his family.

In addition, youth participated in Cognitive Behavioral Intervention for Substance Abuse (CBI-SA) group for avoiding substance abuse. Youth learned self-control strategies; pro-social skills; and problem solving skills for avoiding substance abuse. Youth participated well, and got along well with group members.

Youth was referred to (b)(6) due to experiencing some (b)(6). Youth was assessed by (b)(6) (b)(6) (b)(6), on 08/24/17, and was provided with a diagnosis of (b)(6). Youth was prescribed with (b)(6) to help improve sleep difficulties. On 09/29/17 youth was seen by Dr. (b)(6) (b)(6) for a psychiatric follow up appointment. Youth reported that he had (b)(6) despite use of (b)(6) medication. Dr. (b)(6) renewed youth's (b)(6) medication and added a (b)(6) in order to help improved youth's (b)(6). No signs of psychosis or cognitive impairments were noted during the sessions. Youth is taking his medication as prescribed and he has reported improvements with his (b)(6).

Currently, the youth is adjusting well to Yolo Secure. Youth is regulating his emotions and behaviors appropriately, following program rules/structure, and is receptive to counseling services. Youth is socializing well with his peers and is receptive to staff. Youth is expressing and communicating his needs appropriately, and is motivated to continue engaging in safe and positive behaviors.

**Plan:**

In conclusion, UAC (b)(6) has demonstrated that he is capable of adhering to structured rules and program expectations. UAC is motivated and eager to complete the reunification process with his father. Additionally, UAC has not demonstrated any concerning behaviors or behaviors indicative of gang or cartel affiliation while in care at Yolo. Per ORR policy, Yolo Secure has determined that this youth is no longer appropriately placed and should be transferred to placement in a less restrictive setting.

Thank you,

(b)(6)

Hello,

Last September this information was socialized with the ORR FFS Field Supervisors and their assigned FFS. The Draft ORR Notification to DHS Family Case Management Program guidance was intended to help the field attend to a trend of UC being separated from their parents. Though we worked out a process to handle such cases with the DHS Alternative to Detention program, there was no formal MOU between ORR and DHS. (Copying Teresa who is a on leave.)
